

Bandits In Daring Mail Train Holdup Make Their Escape

Loot in Most Nervey and Notorious Robbery in This Section May Reach Million
SIX WOUNDED MAY RECOVER
Virtual Arsenal Resorted to When Mail Clerks Refuse to Open Door of Car

By United Press Leased Wire
Champaign, Ill.—Six train robbers, equipped with all modern methods of warfare, apparently had made good their escape Tuesday with many thousands of dollars in registered mail taken from the Chicago-New Orleans train on the Illinois Central.

The robbers used dynamite, odor bombs, sawed off shotguns, fuses and searchlights in a thrilling 45 minutes gun battle with members of the crew and passengers after the train had been stopped on a trestle near Paxton, 20 miles north of here.

They escaped with from two to four sacks of registered mail, leaving six injured, including one passenger. After obtaining their loot, they fired the mail car, using sacks of second class matter as the torch, and a check-up of the loot was made difficult.

Estimates of the loot varied Tuesday. Adolph Germer, chief postal inspector of Chicago said it was "several thousand dollars" while other sources placed it as high as a million dollars.

Had Complete Arsenal
The robbers had a complete arsenal and the thoroughness of their systematic work astounded the investigators. They were prepared for any emergency. They shot on the slightest provocation—and shot to kill.

They had a thorough knowledge of the district in which the robbery was carried out. Engineer Jack Fogarty, with a revolver sticking in his ribs and his firearm covered, was ordered to bring the train to stop so that the passenger cars would be across a trestle.

Passengers who were surprised when the train was brought to a sudden stop and attempted to go out on the track to locate the trouble, found they were suspended in midair.

Four other bandits had been lying in wait in a clump of bushes near where the engine wheels came to a stop, with a sudden grinding of brakes.

Keep Up Bullet Fusillade
The robbers were quick and accurate shots. When one passenger or mail clerk would show his head or other portion of his body around a corner of a car, a bullet cracked nearby. One passenger's coat, which was flapping around the corner of a car door, was pierced by four bullets.

Posses which were organized to chase the bandits were ordered to scout the country towards Chicago. Officials were confident the men were operating from Chicago.

They believed the odor bombs, which were used to force the mail clerks to open the car doors, had been obtained in Chicago, where they have been used frequently in union label troubles and gang wars.

Flee in Autos
After the bandits had blown the safe, fired the mail car and gotten out the registered mail sacks showing an accurate knowledge of the valuable pouches, they roared away in two high powered autos, which were hidden behind the clump of bushes. All lights were out on the machines, but the bandits had no difficulty in picking the main road north as their automobiles roared away at nearly sixty miles an hour.

"I wouldn't have given a nickel for my life during that forty-five minute revolver battle," Engineer Fogarty said.

They took no back to talk with the mail clerks and try to induce them to open the car doors without a fight. Freeman Bangs was with the mail clerks and wouldn't open the car, and a charge of dynamite was exploded under the car, blasting off the door, firing started from the clerks in other mail cars. The robbers returned the fire and were right in the path of the bullets.

Crouch Under Engine
"As they started whizzing by us, Bangs looked at me and whispered 'we got to get out of here.'"

"We made a break for the engine. The bandits turned their fire on us. Bangs fell wounded but I got around the engine and crawled beneath the pilot of the engine. Bangs crawled in beside me. We were sheltered from the bullets but I shivered and my whole body broke out in a cold sweat."

Immediately after the robbers left, Fogarty pulled the burning mail car to Champaign, where the fire was extinguished.

All of the injured were expected to recover.

Arthur Moon, the colored porter who was sitting when he looked out of a car door to see what the trouble was when the train came to a stop, was the most seriously wounded. With two bullets in his body, he was believed to have a good chance for recovery.

Benjamin Kevintell and Thomas Baker, the mail clerks, were highly praised by officials today for their bravery in refusing to open the car doors although nearly suffocated by the odor bombs.

When they finally came from the car after the door had been blown off, they were slugged and left lying unconscious on the ground while the engine worked.

ARMS GROUPS ALREADY BUSY ON PROGRAMS

All Principal Delegates Here for Historic Gathering Except Balfour
AWAIT U. S. PLAN FIRST
"Chafing Dish" Diplomacy in Progress Will Save Time When Meet Starts

By Carl D. Grod
By United Press Leased Wire
Washington—With the arms limitation conference only four days away, a war tired world looked Tuesday toward America for guidance.

Though the English, Japanese and other conferees have their own plans—and in some cases axes to grind—they have pocketed these, waiting upon America to lead the way. Until the United States has spoken at the horseshoe table in Continental hall, these plans will remain pocketed.

All the principal delegates are here now with the exception of Arthur Balfour of Great Britain.

Unlike the great Versailles conference, which opened about three years ago, no outstanding leader now stands forth in the arms parley.

No foreign statesman yet reaching the United States has received the tumultuous acclaim that greeted former President Wilson when he went to Paris to make peace.

Programs Ready
Although other nations are waiting on the United States to take the lead, it is understood here that Great Britain and Japan have programs to announce as soon as the American program is revealed.

England for instance, is willing to have a navy no larger than America's, and the word of its first lord of the admiralty, the Lord Lee of Fowham spoken last March still holds good. Its plan will undoubtedly follow that line, for Lord Lee is here as a delegate.

Though outwardly there is mainly "chafing dish diplomacy" under way, according to delegation information. In other words, within the privacy of unofficial meetings, some of the plans for the coming meet, is being written. America, Japan, England, land are credited with being agreed on certain procedures, which otherwise would merely consume time within the conference proper.

Those of the conferees who so far are mere onlookers are not objecting to this sort of secret diplomacy. For they believe everybody will have "say" even though some agreements may have been virtually concluded beforehand.

IRISH CLIMAX TO COME ON THURSDAY
By Ed. L. Keen
By United Press Leased Wire
London—A climax in the Irish situation will be reached Thursday.

On that day the Ulster cabinet will confer with Premier Lloyd George on the proposed settlement, requiring certain concessions by that district.

Should the Ulsterites refuse to consider the compromise proposition, it was believed certain Lloyd George would carry out his threat to resign.

New "Third Party" To Invade Badger State
WANT MADALYNE TRIED OR SET FREE
Los Angeles—Efforts to force an immediate trial or obtain the release of Madalynne Obenchain, charged with the murder of John Edson Kennedy, were started by her attorneys Tuesday.

This move will be aided by attorneys for Arthur C. Burch, also held for the Kennedy murder.

Attorneys for both defendants agree that Mrs. Obenchain has the best chance for acquittal and they believe this would influence a favorable verdict for Burch whose plea of insanity was denied by Judge Reeve Monday.

Charles Ebelstein, Mrs. Obenchain's attorney, will make his demand for an early trial while at the same time Burch's attorneys will ask for a thirty day delay for their client.

VOTE ON ANTI-BEER BILL SET FOR NOV. 18
Washington—The senate will vote on the conference report on the anti-beer bill at noon Nov. 15, under an agreement reached Tuesday in the senate between wet and dry forces.

Senator Stanley, Kentucky, whose anti-search and seizure amendment has been the bone of contention in the measure, denied that the advocates of the provision have any intention of conducting a filibuster against the bill.

Injury Total Jumps During Monday Storm

By United Press Leased Wire
Milwaukee—An unidentified woman was killed and nine persons injured, one seriously, as the result of automobile accidents here Monday night.

The woman, about 60 years old, was struck by an automobile said to have been driven by John J. Burke, who reported to the police, saying the woman ran in front of his car.

August Weidelt suffered a fractured skull and attending physicians say his condition is critical, as the result of being struck by an automobile that fled without stopping after running him down.

Eight other persons were injured in accidents that were caused by the cold rain that made the streets slippery and dimmed the windshields.

WAR FOOTINGS UNCHANGED IN U. S. PROGRAM

American Suggestion Will Be Completion of Programs and No Replacements
U. S. NOT TO DISARM ALONE
Basis of Strength of Nations Will Be Maintained at Present Standing

By David Lawrence
Copyright, 1921, by Post. Pub. Co.
Washington—America's program for limitation of naval armament has been practically agreed upon. The details remain to be shaped, but the fundamentals are clear. They are:

First, for every naval item given up by the United States there shall be an equivalent given up by other naval powers.

Second, the present ratio of naval strength shall be maintained in the sense that the United States shall not be placed in a weaker position toward other powers than she is at the moment.

Third, the British having accepted the principle of equality with the United States, the disparity in strength between the two navies shall, at least, not be increased.

Fourth, the phrase "limitation of armament" is held to mean that all the nations shall be permitted to finish the building program which they have already authorized. "Reduction of armament" is held to mean that vessels still in commission but growing obsolete shall be scrapped and the tax burdens reduced by an agreement not to replace these ships, but to economize by eliminating the expense of keeping up old vessels.

Fifth, a definite understanding by all powers as to exactly what is meant by the term "replacement" with respect to vessels now in first class condition but which may eventually become inferior in value to new types of naval craft which may be designed in the future.

Sixth, in considering naval strength, there shall be included merchant marine and all auxiliary vessels which can be possibly converted into warships in an emergency as well as all bases fortified and unfortified which could be used in naval operations. Reducing armament expense, it is essential to consider the millions of dollars which are spent annually to maintain naval bases and repair stations at remote points. This question is most acute in connection with a possible naval conflict in the Pacific where bases are quite as important as the number of naval vessels available for a theoretical war.

The foregoing principles, as worked out by our naval experts, have been given to the American delegation consisting of Secretary Hughes, Senators Lodge and Underwood and former Senator Root. They are basic ideas, but of course, every single plan can be drawn up which will take care of all contingencies. It is up to the four members of the American delegation to determine just how far each principle can be applied. The navy is really presenting alternative plans. One plan may be predicated on a diplomatic settlement of certain disputes in the Far East. Another plan may be predicated on an absolute agreement with regard to armament. The success of the American program, however, is finally developed after the discussions have already begun, it would not be surprising to see the American delegation feel its way toward further reductions of expense even presenting proposals for radical cutting of naval programs now under construction. But the American delegation which has the responsibility of making America's policy at the conference must first obtain assurances and explicit agreements concerning the willingness of the other powers to make equivalent reductions in expense. The conference will not be a single nation's affair. It depends on cooperation. America will not limit her armament alone, nor will she reduce it alone. All must agree to practical measures which are so definitely described as to leave no loopholes for international misunderstanding.

Take Needle From Heart Of Little Child

By United Press Leased Wire
Minneapolis—A needle that buried itself in the heart muscles of two year old Dawson Sandles, was removed by a remarkable operation at University hospital late Monday. Dr. A. C. Strachan performed the delicate feat.

The boy fell on some sewing his mother, Mrs. John I. Sandles, had left in a basket and the emprise needle penetrated his breast. The surgeon opened the heart cavity and saw that when the heart contracted the head of the needle was visible. The heart was beating 120 times a minute.

A delicate pair of forceps was fastened over the head of the needle and it was withdrawn. There was some blood in the heart cavity. The wound was closed and the boy was reported doing nicely.

Wealthy Farmer Burns Barn After Quarrel With Son

SECRECY WOULD DASH PEACE HOPES AT COMING PARLEY
Senator Johnson Says Disaster Like That of Versailles Must Be Avoided

By Lawrence Martin
(Copyright 1921 by United Press)
Washington—A "disappointing disaster like that of Paris," will mark the arms conference here if its doors are locked and secrecy prevails. Senator Johnson, California, declared Tuesday in a statement to the United Press pointing out the urgency of full publicity regarding the parley.

"Publicity is the weapon of peoples, of which they are ever robbed by secrecy's plausible arguments," said Johnson. "Ideals must be defeated, high hopes dashed at Versailles, and the vicious results were reached by secrecy. Substantially the same representatives responsible for the Versailles treaty meet now at Washington to limit armaments. They worked their will to the everlasting harm of the world at Versailles."

"Let people have their way at Washington for the world's eternal good. Peoples can be trusted to disarm; diplomats will disarm only when compelled by overwhelming public opinion threatening their political existence. The country should demand, and demand in such fashion that it dare not be denied, open sessions at the conference, and the fullest publicity."

"Success of the limitation of armaments conference will mean less taxes, lightening the burdens of peoples, a brighter and better world. Failure means doubt and uncertainty, crushing taxation, possible imperialism and militarism. Success will be the triumph of peoples' failure, cynical diplomacy's victory. If the doors of the conference are open, and world opinion dominates it, success is assured. If the doors are locked, and secrecy prevails, there will be another disappointing disaster like that of Paris."

HOGS SELL FOR LOWEST PRICE SINCE JAN. 1916
By United Press Leased Wire
Chicago—Hog prices broke sharply Tuesday on livestock markets of the country.

Prices here for medium grades were \$7.35 a 100 pounds, the lowest since January 1916. This was a decline of from 25 to 40c.

Large receipts which caused the price to slump, were attributed to desire of farmers to liquidate.

SNOWSTORM WAS GENERAL THROUGHOUT WISCONSIN
Milwaukee—The first snowstorm to the season, accompanied by a drop in temperature and high winds, bringing a miniature blizzard, struck here early Tuesday.

The storm was general throughout the state. With colder weather and high north winds scheduled, Milwaukeeans are due to feel the first real touch of winter.

An inch of snow was reported to have fallen up to noon.

Night Session Brings Passage Of Tax Bill
Fifty Per Cent Surtax Rate Will Be Center of Fight When House Sends Bill to Conference—Fear Leads Insurgents.

By United Press Leased Wire
Washington—Lower federal taxes were a step nearer reality Tuesday as the result of the senate's passage of the tax revision bill.

While most of the country slept, the senate plodded away on the measure and passed it at 1:15 o'clock Tuesday morning. The vote was 45 to 23, with three Republicans, Messrs. New Hampshire, LaFollette, Wisconsin, and Norris, Nebraska, voting against it.

The measure now goes to a conference with the house.

The final fight over the \$2,250,000,000 tax revision bill was due to begin Thursday when the house sends the much revised measure to conference. The fight in conference will center upon the 50 per cent surtax rates fixed by the senate. Administration leaders are determined to reduce this rate if possible and insurgent Republicans in the house are equally determined that they shall stand.

The first round of the battle will come when the insurgents, led by Representative Fear of Wisconsin, move to instruct the conferees to accept the senate surtax rates. This will be resisted by Republican Leader Mondell. The insurgents claim solid Democratic support.

Adam Suchy
Adam Suchy, 1220 Packard st., died shortly before noon Tuesday after an illness of several months. Arrangements for the funeral have not been made.

MAIL BANDIT SUSPECT GOES WEST FOR TRIAL
Milwaukee—A. H. Cain, arrested here recently on suspicion of being one of the trio of bandits who robbed a mail train near Sacramento, Calif., May 19, will be sent to the northern federal district court of California for trial as the result of an order signed by Judge Geiger here Tuesday.

Rail was fixed at \$15,000 and trial set for Nov. 21.

YEGGMEN WRECK OFFICE IN ATTEMPT TO STEAL
By United Press Leased Wire
St. Paul—Yeggmen blew the safe in the warehouse of the Ceresota Flour Mills in St. Paul Monday night, an overcharge of explosive wrecking the interior of the office. They obtained a small amount of cash and some valuable papers.

PARLEY WILL BE A SUCCESS, PERSHING SAYS

Believes Prospects Excellent for Reduction of Chances of Future Wars
By A. L. Bradford
(Copyright 1921 by United Press)
Washington—General John J. Pershing sees "complete success" in the impending Washington conference on limitation of armament.

The chief of staff and general of the armies of the United States so expressed himself Tuesday in an exclusive interview with the United Press.

On the eve of the assembling of the conference.

In his first interview on arms limitation Pershing says the conference will be "one of the most important ever held."

Leader of the American expeditionary forces in France during the most terrible war of history, and this country's greatest authority on modern warfare, General Pershing in giving his opinions on the conference is making an important contribution to a proper understanding of this epochal event.

General Pershing's opinions are valuable for another reason. He is just back in his office in the war department after a trip to France and England, where he decorated the graves of the unknown French and British soldiers with the congressional medal of honor and has just returned from Kansas City, where he attended the American legion convention. So he has had an opportunity to judge the temper of the people of Europe and America toward the conference.

Most Important Held
After the interviewer had asked him for his opinions on the conference and about the sentiment he found toward it on his trip, Pershing prepared an answer in a written statement.

Typically condensed, brusque and to the point, as he was wont to do on the western front. His statement, initiated "J. J. P." follows:

"The coming conference on limitation of armament will be one of the most important ever held. I believe that the prospects are excellent for better understanding among the leading nations that will materially reduce the chances of war. The tremendous cost of perpetual preparation for war is a serious burden from which people are anxious to be relieved as far as possible, to say nothing of relief from the suffering that modern war brings."

"The impression that I received abroad and on my trip west regarding the outcome of the conference is most favorable, and personally I can see no reason why it should not be a complete success."

Pershing is a leading member of President Harding's advisory committee on the conference on limitation of armaments. As a member of this committee and as chief of staff of the United States army, his opinions will be sought, and will have great weight in the shaping of this government of its course in the conference.

GRILL LANDRU FOR MURDER OF WIDOW AND SON

Testimony of Witnesses Shows Woman and Son Disappeared Mysteriously
By Webb Miller
Versailles—The first witnesses in the murder trial of Louis Landru, the "Bluebeard of Gambais" were called Tuesday afternoon.

After Judge Gilbert had completed his grilling of the prisoner, including a review of Landru's life previous to 1915, embracing convictions of forgery and frauds, the taking of testimony was begun on the charge of murdering one of the ten women for whose death he is held responsible.

The first count taken up was that of the alleged murder of Mme. Cuchel, a widow, and her 17 year old son, Andre Cuchel. She was one of the 285 women said to have answered Landru's matrimonial advertisements. According to the prosecution, she became fascinated by his courtly manners and, with her money, renounced a life of poverty. There she was said to have lived with Emile Diard and was said to have posed as a wealthy manufacturer.

Bold Mme. Cuchel and her son disappeared and no trace has been found. Landru claimed they were in England but evidence of their passports could never be found.

During Judge Gilbert's examination Landru was self-possessed and immediately began parrying the court's statements, politely but with an occasional caustic remark.

Judge Gilbert brought out that in his youth Landru was studious. He became an altar boy in the church and soon was made an archdeacon. The prisoner frequently exclaimed "perfectly" or "that is true" even when the judge declared that Landru's union with his first wife was irregular.

WILSON MAY ATTEND ARLINGTON SERVICES

By United Press Leased Wire
Washington—Former President Wilson has made a good recovery from his recent setback and probably will be able to attend the services in honor of the unknown soldier at Arlington national cemetery on Armistice day, his physician, Rear Admiral Cary T. Grayson, said Tuesday.

C. M. & ST. P. RAILROAD BUYS INDIANA SYSTEM

By United Press Leased Wire
Washington—The interstate commerce commission Tuesday granted the application of the Chicago, Milwaukee & St. Paul railroad to acquire control by purchase of the capital stock of the Chicago, Terre Haute and Southwestern railway.

SIX ARE KILLED IN ELECTION BATTLE

Kentucky Schoolhouse Contains Six Lifeless Men When Shooting Ends
Jackson, Ky.—Six men are dead, following an election day fight at Clay Hole, Ky., ten miles from here, according to word received by Sheriff J. W. Roberts.

Sheriff Roberts and deputies immediately set out for the isolated village in automobiles.

First word of the shooting came from a station near Clay Hole, near the scene of the shooting.

The voting place is in a schoolhouse. Neat reports do not say whether or not any arrests were made.

Roberts was told the shooting started over contest of a voter's right to cast his ballot. Miller and McIntosh were Republican judges in the precinct.

George Phillipi, Bear Creek, Held in Jail on Charge of Arson

CAUSES LOSS OF \$12,000
Set Fire to Son's Barn When Young Man Refuses to Vacate Lease
Angered because his son would not vacate the farm which he had leased for a period of five years, George Phillipi, 55, one of the most prominent men in the northern part of Outagamie county, set fire to the big barn on the farm, causing its destruction together with about 50 head of pure bred sheep, 6 sows, 2 horses and a large quantity of hay and grain. Phillipi now is in the county jail at Waupaca where he probably will be held until tried on a charge of arson. The farm is located about three miles west of Bear Creek. The loss is about \$12,000.

Phillipi, it is alleged, had leased his big farm to his son, Alban Phillipi, 23, with whom he had been rooming, for a period of five years, but recently he had a disagreement with the younger man and ordered him to leave the place. The younger man refused to do this, however, and a quarrel grew more bitter. About 8 o'clock Sunday night, Phillipi, it is charged, poured kerosene on the floor of the barn and set it on fire. He then went to the back door of his son's home, kicked in a panel of the door and went to the home of a neighbor, where he had been taking his meals, and confessed to setting fire to the structure.

The flames spread so rapidly through the barn that it was impossible to save it. Heroic work on the part of the neighbors saved other buildings from destruction.

Phillipi was taken into custody at Bear Creek and held until Monday when he was taken to the county jail at Waupaca.

Phillipi is one of the most noted sheep breeders in Wisconsin. He here have won numerous prizes at fairs and it is said he became quite wealthy through sheep breeding. His wife died a number of years ago and he had been rooming with his son but taking his meals with a neighbor.

PEGGY GIVES UP CLAIMS TO JOYCE WEALTH IN TRIAL

By United Press Leased Wire
Chicago—Peggy Joyce, who once was a famous actress, gave up her claim to the \$400,000 in real estate and jewelry for \$20,000 in cash was presented to court as "hearing on Joyce's petition for divorce started."

The agreement was considered a complete surrender by Peggy. She gave up all claims to the Joyce millions and decided back to him a residence at Miami, Florida, worth \$200,000 and the Joyce homestead at Salisbury, Conn.

Peggy relinquished her claims to Joyce's insurance and gave up her rights to "one diamond tiara mounted in platinum with a pear shaped gemstone surrounded by pearls." She gave up all claims to the Joyce millions and decided back to him a residence at Miami, Florida, worth \$200,000 and the Joyce homestead at Salisbury, Conn.

Peggy agreed to make no contest to Joyce's suit for divorce.

Joyce claims his wife, on whom he lavished \$1,300,000 in jewels and clothing, was unfaithful to him and named prominent men in the United States, England and France, as co-respondents.

Peggy was not in court when Judge Joseph Sabath called the case. She was represented by Weymouth Kirkland, her attorney. Peggy was in hiding in a hotel, it was said.

MAIL BANDIT SUSPECT GOES WEST FOR TRIAL

Milwaukee—A. H. Cain, arrested here recently on suspicion of being one of the trio of bandits who robbed a mail train near Sacramento, Calif., May 19, will be sent to the northern federal district court of California for trial as the result of an order signed by Judge Geiger here Tuesday.

Rail was fixed at \$15,000 and trial set for Nov. 21.

YEGGMEN WRECK OFFICE IN ATTEMPT TO STEAL

By United Press Leased Wire
St. Paul—Yeggmen blew the safe in the warehouse of the Ceresota Flour Mills in St. Paul Monday night, an overcharge of explosive wrecking the interior of the office. They obtained a small amount of cash and some valuable papers.

Proclamation!

Whereas, Armistice Day, Nov. 11, 1921, has been designated as the appropriate time for the ceremonies incident to the burial of the unknown and unidentified American soldier in Arlington cemetery, and

Whereas, the unknown soldier represents the manhood of America who made the supreme sacrifice in the World war,

On the morning of the eleventh inst. all church bells, whistles, sirens, etc., will sound at two minutes before 11 o'clock until 11, at which time all citizens are requested to suspend any activity in which they may be employed and observe TWO MINUTES silence according to the proclamation of the President of the United States.

J. A. HAWES,
Mayor of Appleton.

PARADE WILL BE BIG FEATURE OF HOMECOMING DAY

Students Offer Prizes for Best Decorated Windows Next Friday

If you ever went to Lawrence or know any of the students well enough to hear them sing Lawrence songs, you will remember the first two lines of the best loved song, "Lawrence is Our Dear Old Home." The lines run "O'er the Fox the pale moon shined Beauty bathed the silver dome."

As a result of that song, so often repeated by any Lawrence student, the dome on Main hall has come to typify all Lawrence buildings. For that reason, the homecoming committee has decided to have the dome on Main hall illuminated on Friday and Saturday evenings of the homecoming, Nov. 11 and 12. Every effort is being made to make the former students welcome to Lawrence and to Appleton when they return to see their Alma Mater's team battle with its old time rival, Ripon at Lawrence field Saturday afternoon.

Father and Son Week

All Saints Episcopal Church
Subject:
"WHAT AND HOW TO
TELL YOUR BOY"

being made to make the former students welcome to Lawrence and to Appleton when they return to see their Alma Mater's team battle with its old time rival, Ripon at Lawrence field Saturday afternoon.

Floats in Parade
Flores prepared by all the organizations of the college will be a part of the parade before the game on Saturday afternoon. It is possible that some of the older business firms which have many friends among the former students will also take part in the parade. The merchants have agreed to decorate their stores in blue and white, the Lawrence colors. A committee was appointed at the meeting of homecoming committees Monday evening to select the best trimmed window in the city. The Lawrenceian is offering a half page of advertising free to the firm having the best window.

Fraternity houses and dormitories will be decorated, silver loving cups awarded to the best house and dormitory. All the students have been requested to wear the Lawrence colors, in ribbons, banners and arm bands. A special flower committee has been appointed to provide white chrysanthemums tied with blue ribbons for the girls to wear. Buttons are to be available for members of each class, for the alumni graduates and those who attended Lawrence for any length of time. These buttons and flowers will be handled in connection with the registration on Saturday morning.

Banquet Is Feature
The banquet at Armory G is the big social event of the weekend. Alan Hackworthy, general chairman of homecoming activities announced on Tuesday that all reservations for the banquet must be made by Wednesday to enable the banquet committee to make its plans. Several fraternities have planned dances or special parties for their number after the banquet. Russell Sage dormitory will have a reception immediately after the game on Saturday afternoon. Several of the Appleton alumni of the college will assist Mrs. Mary Housel, dean of women in receiving the homecomers. An orchestra will be provided for the occasion. Ormsby hall will also have a "welcome home" for its former residents in the nature of open house Saturday afternoon.

No effort is being spared by the students in the college to make the homecoming a success. They are being backed by splendid cooperation on the part of Appleton business men and Appleton alumni of the college.

PERSONALS

Mrs. George C. Foster of Hurley is visiting her mother, Mrs. Ellen George Marvis was at Tigerton Monday on business.

Colvin S. Hammer of Oshkosh, was an Appleton business visitor Monday.

W. E. Miller of St. Paul, was in Appleton on business Monday.

Paul Engel of Brillion was an Appleton visitor Monday.

Mrs. Roy Menning left Sunday for Chicago to meet her husband who is to return from Kansas City, Mo. after a business trip. Mr. and Mrs. R. Menning will return to Appleton about the end of the week.

Miss Anna Brady has returned from Milwaukee where she attended the state teachers' convention.

Miss Frances Beyer of Madison, has accepted a position at the Donner studio.

The Weather

FORECAST FOR WISCONSIN

MISS SINDAHL IN PLEASING CONCERT

Neenah Girl Impresses Big Audience With Her Splendid Voice

Lillian May Sindahl, former Lawrence conservatory student sang to a large audience of Appleton, Neenah and Menasha people in the Neenah theater Monday evening in a concert which was given for her by the Home Economics club of Neenah and Menasha. Her birdlike notes and the clear sweetness of her soprano voice delighted her audience, many of whom have been watching the development of her voice since she was a child in school.

Proceeds from the concert amounted to about \$400, which will be applied on Miss Sindahl's training in Chicago. Since leaving her home last spring, Miss Sindahl has been having a lesson a day with Alexander Nakutan, the Russian tenor. She has been able to appear at several theaters in special musical numbers.

In the songs which gave the young artist a chance to show the splendid flute-like timbre of her voice, her interpretation was exquisite. She sang two echo songs, "The Swiss and the Norwegian," and in these she was at her best. In "Caro Nome," from Rigoletto, "The Nightingale" by Alabetti and "Il Bacio" (The Kiss Waltz) by Arduini, Miss Sindahl had a chance to show the large range in her voice. She closed her program with a charming presentation of "Beautiful Blue Danube." She included a Boat Song sung in Russian in her encore numbers.

Opinion concerning Miss Sindahl's voice was very favorable although a few of her friends feel that she has lost some of the spontaneity of her early singing and does not sing with the natural grace and poise of her first appearances. Others see great improvement in her tone production and technique. Critics cannot be too severe with so young an artist as Miss Sindahl since she has only begun to master her technique and to realize the possibilities of her voice. Small mannerisms which are perfectly natural to Miss Sindahl but which impress her audience as being studied detract from her stage appearance.

HARDING'S SPEECH TO BE READ HERE ON ARMISTICE DAY

Reading of Address Will be Simultaneous With Delivery at Arlington

While President Warren G. Harding is delivering his address over the body of an "unknown" soldier in Arlington cemetery near Washington next Friday morning, Appleton people will hear the same address at the Armistice day program on Lawrence college campus. Arrangements have been made to secure the president's address in advance so that it may be read here at the same time it is being delivered at Arlington. This will be the first time this ever has been attempted in Wisconsin.

It has been concluded that there will not be a parade because business places will not be closed on that day. Schools will be closed, which will make it hard to mobilize the youngsters and most members of the military organizations would be obliged to lose considerable time from their work if called upon to march in uniform.

Every person in Appleton is urged to be at the campus in front of the chapel at 10:15 to take part in the service. In addition to the reading of Harding's address there will be selections by the band and community singing.

It is planned to conclude the program promptly at 11 o'clock to be followed by two minutes of silence. Taps will be sounded at the conclusion of the period of silence.

Bells and whistles will start a din about five minutes before 11 and all will stop promptly at 11 o'clock. Every person will be asked to stop in his trucks and every activity will be asked to halt to pay the silent tribute to the country's heroic dead.

There can be no doubt that Miss Sindahl will have a brilliant musical career and make her friends proud that they have been able to help her in her work.

CHINESE ORATOR HERE ON SUNDAY

Peng Chun Chang to Present Pacific Problem at Peoples Forum Meeting

One of the feature numbers of the Peoples Forum this winter will be the address by Peng Chun Chang, foremost Chinese lecturer of the world, who will speak in Lawrence Memorial chapel at 7:30 Sunday evening on "The Problem of the Pacific." Mr. Chang has spent many years in this country and has an excellent command of the English language. He is regarded as one of the most brilliant orators on the lecture platform. "The Problem of the Pacific," like disarmament, is of most vital importance at this time as the world disarmament conference opens in Washington. One of the most difficult problems before this conference is that of the Pacific and Mr. Chang will endeavor to tell China's side of the story.

China was invited to attend the conference so that her rights in the Pacific will be given consideration and safeguarded. Mr. Chang has made an exhaustive study of their rights and will present them from every angle.

If there is any doubt as to Mr. Chang's ability as a speaker, this glowing tribute from "The Daily News" of Daytona, Fla., will set it at rest:

"At the auditorium on Sunday it was the privilege of Triple City residents and tourists to hear one of the finest addresses ever delivered in the south. Mr. Peng Chun Chang, in appearance many years younger than his experience and education would prove, had a pleasing address and a wonderful command of the English language. His insight into political matters in both China and the world at large showed careful study and many years' experience."

Directors of Appleton Chamber of Commerce will hold their regular meeting Thursday.

R. Y. Clark, city mail carrier, is now taking his annual vacation. Arthur Gottfried of Ellington was in Appleton on business Monday.

CHANGE PLACE FOR HOLSTEIN MEETING

Making it convenient for every Holstein breeder in the county to attend, the usual morning session of the annual meeting of the Outagamie County Holstein Breeders association to be held in the city hall Thursday, Nov. 17 will be dispensed with. The gathering will begin promptly at 1 o'clock instead. There are so many important matters of business that outside speakers will be dispensed with.

The meeting originally was announced for the courthouse, but as the county board holds its sessions then the city hall was engaged.

It is believed that the change in arrangements will insure the attendance of every Holstein man in the county. Walter Weckert, county president, will preside.

It's

toasted to seal in the delicious Burley flavor—

The Rex Ingram Masterful Production

"The Conquering Power"

In this Metro version of the intensely human story of Balzac, dealing with a master's gold and his daughter's love, Director Ingram has made a picture whose dramatic power and artistic beauty is bound to captivate any audience. Heading the stellar cast are Alice Terry and Rudolph Valentino, the two youthful principals who won nation-wide fame for their portrayals in "The Four Horsemen."

LACK OF MONEY BIG HINDRANCE TO ROAD PROGRAM

Highway Engineer Hirst Replies
to Criticism of Condition
of Highway 31

John Stevens was one of the many Appleton motorists who drove to Madison Saturday, Oct. 23, over state trunk highway No. 31, ordinarily in fairly good condition, but almost impassable after a night's rain. He wrote to A. R. Hirst, state highway engineer concerning it and received the following reply:

"We are developing state trunk highway No. 31 as fast as state laws permit. As long as practically all of our operations must be performed by county units, we can do no more for these main highways than we have been doing."

"We will have this year completed the surfacing between Columbus and Sun Prairie. We rebuilt two and a half miles on the Madison end of the Sun Prairie road of an experimental gravel stretch. This narrow macadam we hope to widen to 26 feet gravel next spring. This will give us a fully passable road from Madison to Columbus."

"By the end of next year there will be a concrete road from Beaver Dam to Fond du Lac, and there is some hope of a concrete road between Beaver Dam and Columbus. This concrete depends upon action by the county boards of Fond du Lac and Dodge cos. under their bond issues, and we cannot do anything toward it because the federal aid money for these two counties is exhausted."

"It is all right to say there should be nothing but concrete on No. 31, and I thoroughly agree with you, but large mileages of concrete roads cannot be built without county bond issues and Dane and Columbia counties are not yet ready to bond."

"I might say, incidentally, that there has been throughout this year a quite satisfactory route from Oshkosh and points north, to Madison by the way of Ripon, Green Lake, Kings-ton, Doltan, and Pardeeville, and those people who encountered trouble Saturday, Oct. 23, could have avoided it by using the indicated road, and inquiries to any of our offices would have disclosed this route."

"We have built more miles of road in Wisconsin this year than has any single state in any year, and I believe we have affected a greater transformation than any single state has ever seen in a single year, but we cannot do the impossible and we cannot wave a wand and produce money where none exists, or roads everywhere in a year or two."

"I think by the end of next year we will have No. 31 in pretty satisfactory condition, at least it will be travelable, and as the year goes by each year will see the completion of some critical road until we have all of our roads at least in a travelable condition, and I believe we will get to that stage more quickly than will any other state, save those who are building under some of the tremendous bond issues, and even in these, we will have more roads fit to travel even if they have a few better ones."

LARGE ATTENDANCE AT SCHOOL MEETING

A report just compiled by County Superintendent Florence Jenkins shows that 352 school officers and teachers attended the annual school convention, session of which were held last week at Appleton and Seymour. The attendance at Seymour was 92 and at Appleton, 290.

The attendance of the various school officers and teachers was as follows: Rural clerks, 94; rural directors, 80; rural treasurers, 53; state graded clerks, 5; state directors, 1; high school clerks, 2; high school treasurers, 2; rural school teachers, 55; state graded teachers, 2; high school teachers, 2; visitors, 35.

This attendance is nearly perfect. Miss Jenkins said, and marks this year's convention as one of the most successful that has been held.

Mayor Finds Fond Du Lac Has An Efficient System For Disposal Of Garbage

Want to Find a Solution of Appleton's Garbage Collection Problem Before Next Spring—The Fond du Lac Plan.

Mayor J. A. Hawes is leaving no stones unturned to find a solution of the garbage disposal problem before next spring when the housewife again will face the proposition of getting rid of her table and kitchen refuse. Mr. Hawes has devoted many hours to consideration of the problem and is spending his time visiting other cities in an effort to learn what has been done. Last week he visited Fond du Lac and this week he will go to Sheboygan to inspect the elaborate incinerator system established there a few years ago.

Fond du Lac, the mayor found, has an efficient system of garbage disposal which is not costing the taxpayers a great deal of money. The cost of operation is met from the general fund and every person in the city may make use of the service on ap-

plication to the proper authorities. The plan has been in operation for about four years and there has been no complaint as to either the cost or the service.

Collected by Trucks. Fond du Lac by three trucks which visit every residence twice each week in the summer and once a week in the winter. Applicants for the service make an initial payment of \$1.50 for a garbage can and thereafter there is no charge. The garbage collector takes the filled can and leaves an empty can, provided by the city, in its place. Cans, after they are emptied, are secured by steam so that no odor remains and consequently always are in a usable condition.

Persons using the system are obliged to wrap each day's garbage in paper before depositing in the cans. The garbage must be thoroughly drained before this is done and as a result there is absolutely no odor or dirt in connection with the collection, making it easy to obtain dependable men to do the work.

The filled cans are loaded on a truck, doing away with the necessity of dumping the garbage into a tank or box and avoiding disagreeable odors and the possibility of spilling particles of garbage on the street.

Pick Up Everything. The cans are hauled to a dumping ground along the lake where it is being used to build new land. A coating of unslacked lime is put over the garbage to destroy the odor and then

after it is collected. There is considerable low land near Appleton that could be filled in by garbage and other refuse and the use of lime, which destroys all odor, would make this a very desirable method for owners of marsh or swamp land to make their property much more valuable than it now is.

Some opposition to a garbage collection system has been encountered from persons who have means of disposing of their garbage. They maintain that those who can dispose of their refuse should not be obliged to help pay the cost of taking away garbage from other homes. It is pointed out by the mayor that this is a rather shortsighted view of a civic problem and it is believed that if there is a real demand for an efficient system of garbage collection that it will be established here by next spring.

WATCH FOR THE FERCH PLAN.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$2. and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or orange syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Painful Rheumatic Swellings Disappear

Discoverer Tells Schmitz Bros. Co., Victor's Drug Store, Union Pharmacy and All Good Druggists Not to Take a Cent of Anyone's Money. Unless Allenhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Schmitz Bros. Drug Co., Victor's Drug Store and Union Pharmacy have been appointed agents for Allenhu in this vicinity with the understanding that they will freely return the purchase money on the first two bottles to all who state they received no benefit.

Evans' Triple Phosphate Puts Good Solid Red-Blooded Healthy Flesh on Your Bones

And Makes You Feel 100% Better At Same Time

What difference does it make to you how EVANS' TRIPLE PHOSPHATES puts good, solid, red-blooded, healthy flesh on your bones as long as it does it and makes you feel 100% better at the same time?

Evans' Triple Phosphate is something new and something that really does what is claimed for it. Start to take it today with each meal, and in four days you'll know that you are growing more robust and feel stronger and more active. Continue with the treatment faithfully for 10 days more and note with satisfaction that your nerves are growing more responsive; that your ambition does not lag, but is cheerfully obedient to all wishes, that a touch of color is appearing in your cheeks and that your occupation ceases to become a task and is a pleasure. Notice that never before in your whole life have you enjoyed living as you do today. Weigh yourself at the end of one month and let the scales tell the story.

All good druggists have agreed to supply this, run-down, underdeveloped persons with the understanding that if one month's treatment doesn't grow more robust and feel stronger and more active. Continue with the treatment faithfully for 10 days more and note with satisfaction that your nerves are growing more responsive; that your ambition does not lag, but is cheerfully obedient to all wishes, that a touch of color is appearing in your cheeks and that your occupation ceases to become a task and is a pleasure. Notice that never before in your whole life have you enjoyed living as you do today. Weigh yourself at the end of one month and let the scales tell the story.

THE ARMAMENT CONFERENCE

As we approach the armament conference we find in the jingo press of this country a culmination of its efforts to present Japan in an unfavorable light and to create a hostility between her representatives and our own when they assemble at Washington next Friday. We find the opinion offered, for instance, that the positions of the two countries are irreconcilable and are certain to present a deadlock which will stand in the way of successful results if it does not actually disrupt the conference. The public is fed on a lot of fantastic stories to the effect that Japan is bent upon closing the doors of opportunity to other nations in China, either for trade or concessions, that it has forbidden the United States to defend the Philippines or even the Hawaiian Islands, that it does not conceal its purpose of ultimately acquiring dominion over the Philippine Islands, that it will yield nothing in the controversy over Yap, and that on the whole its attitude will be distinctly belligerent in the matter of Pacific ocean policies.

The public should, and it is to be hoped will, accept these "intimate" disclosures of Japanese policies and purpose with a grain of salt. For the most part they are the idle speculations of politicians who want to save the United States from an imaginary peril or of the Japanese haters. It is foolish to assume in advance of the conference that there will be any difference between Japan and the United States that is irreconcilable. If that were actually true it would mean that ultimately there must be war between the two countries. Not only is there good reason to believe that war is improbable, but that to permit it to occur would be a confession of incompetence and untrustworthy statesmanship in both countries. Instead of taking it for granted that Japan and the United States are committed to ways that cannot be reconciled, it is far better to assume that there is enough wisdom, tolerance and farsightedness in the two countries to bring them into such fundamental accord as will keep their rivalries and competitions of the future within the field of peace.

The right way to enter the armament conference is to believe that ways and means can be found to harmonize relationships not only between Japan and the United States but between all the nations which are to be parties to this meeting. The more of suspicion and antagonism that is created in advance of the conference the less will be the chances of success. At the eleventh hour we are told that the Anglo-Japanese alliance menaces all results at the conference. As a matter of fact the alliance between Great Britain and Japan has not yet been renewed, and there are good grounds for believing that if it is renewed it will be so restricted as to meet the approval of this country and to in no wise jeopardize either an agreement for reduction of armament or settlement of Far Eastern and Pacific questions. Public opinion will have a great deal to do with shaping the proceedings of the conference. An optimistic, determined public attitude will go much further toward securing desirable results than an attitude of pessimism and hostility.

THE COOPERATIVE MOVEMENT

The extent of the growth of the cooperative movement on the farm is shown by census figures to the effect that a business of \$806,000,000 in marketing and buying was done through farmers' organizations in 1919. According to the figures one farm out of every twelve in the United States marketed agricultural products through farmers' societies, and one farm out of every twenty reported cooperative purchasing of supplies. The total number of farms in the United States selling products through agricultural cooperation was 511,383. The sales represented an

average of \$1,412 for each farm reporting. The most important products marketed were grain, milk and cream, fruits and truck crops.

The cooperative movement has reached its maximum proportions in California and the middle west. Minnesota leads in the northwest, with a total of 78,314 farms reporting cooperative marketing. Wisconsin and Michigan have practically the same number, that is a little more than 42,000. California leads in the volume of sales, with Minnesota second. In all probability cooperative marketing today is well over the billion dollar mark. It has proven of incalculable benefit to those who have engaged in it with soundly originated and capably managed organizations. In the west it has been the salvation of the citrus fruit grower. In the dairying states it is of great value to the milk producer. Cooperative marketing will eventually save the grain grower from many of the evils and losses to which he is now subjected, will stabilize grain prices and insure profitable returns to the industry.

It should be the same with all agricultural pursuits. The cooperative movement should not only have the hearty support of the farmers for its extension and perfection, but of the public at large. It is inseparable from the future prosperity and progressive development of agriculture. Its extension on right lines throughout Wisconsin is essential to our general advancement.

ON THE VERGE OF PEACE

Great Britain today stands on the verge of a settlement of the age-long Irish question. While official announcement of the fact has not been made, it is a fair deduction from what information has been given out that Lloyd George and the Sinn Fein representatives have reached a basis of understanding. This basis contemplates, as any understanding necessarily would, the inclusion of Ireland in the British union. The exact status of Ireland is not disclosed, but it is to be taken for granted it carries the largest measure of political and economic freedom that could be extended to a dominion under the British constitution. Irish autonomy will be complete, and it will include absolute control over finances, taxation and domestic affairs. In comparison with the states of the United States, its powers and sovereignty will be immeasurably greater.

But there still remains one difficult barrier in the way of a complete settlement. This is Ulster. The prime minister of Ulster, Sir James Craig, has been called to London and is in conference with the prime minister in the hope of accommodating the differences between the north and south of Ireland. Lloyd George will not support the use of force or coercion to compel Ulster to recognize Irish sovereignty over it. There is obviously only one way in which Ulster and Ireland can be brought together, and that is, by a separate parliament for each of complete local jurisdiction, with a council or supreme parliament uniting them in a national sense and for national purposes. To meet this, it is proposed to extend the powers of the present Irish council.

Lloyd George has apparently succeeded in inducing the Sinn Fein to abandon the separate republic theory. It remains to be seen whether he will be successful in modifying the separatist policy of Ulster to such an extent as to solve this side issue, which peculiarly enough is an internal problem that threatens the success of the whole undertaking upon which peace between Great Britain and Ireland rests. One thing is certain, the north and south of Ireland must somehow contrive to get along with each other and to dwell in harmony. The present is as good a time as any to lay the foundations for understanding, especially when to accomplish this is at the same time to bring peace to all Ireland.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of an interesting character are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be given. Address Dr. William Brady, in care of this paper.

SMOKE ASPHYXIA

Asphyxia, my dear children, is one of those confused or confusing words derived from the ancient Greek. It means without pulse literally, but we know more than the old Greeks did, if I do say so. Asphyxia, and every schoolboy today, with the exception of those who like to smoke cigars and show off, knows that asphyxia means smothering. Firemen who are overcome by smoke suffer with asphyxia. They are poisoned by carbon monoxide gas in the smoke. This carbon monoxide is the poisonous element in illuminating gas. In the exhaust from an automobile, in coal gas escaping from a stove or furnace into an apartment with no open air vents, and in the mine damp after the use of dynamite or other explosives. Carbon monoxide gas is colorless and odorless, so the victim scarcely realizes that anything is happening until he becomes "frozen" and helpless, though he may experience a weakening at the knees for an instant before he loses consciousness. But the gas, the capable of producing poisonous effects on man when present in the atmosphere in so small a proportion as two parts in 10,000. Of course, the number of seconds or minutes the victim is exposed to an atmosphere polluted with carbon monoxide would have an important bearing on the question of poisoning. According to Prof. Yandell Henderson, the ventilation of the proposed tunnel under the Hudson river for vehicular traffic will assure something below four parts per 10,000 and the 15 minutes vehicles will be in the tunnel will be too short a time for occupants to become woozy or in any way affected by the CO given off by automobile exhausts. And when it comes to CO and its effects, Professor Henderson is right there with the data every time. Still and all, I'm willing to give my space in this column to a man who may be more pressed for time than I ever intend to be.

Professor Henderson makes the startling assertion that carbon monoxide is not in any degree whatever a tissue poison. Whereupon the somewhat smoke asphyxiated doctors who make up his audience sit up and take notice, while the professor proceeds to elucidate. It seems that carbon monoxide kills simply by uniting with the hemoglobin of the blood, and crowding out the oxygen, so that the victim succumbs because of the serious shortage of oxygen in his tissues.

According to my poor understanding, that is perhaps what kills off so many smokers prematurely—oxygen shortage—and I commend to Professor Henderson's attention the peculiar shallowness of breathing which is associated with smoking. What I mean is that the drug effect or narcotic influence of tobacco seems to be marked by a slow, shallow respiration.

QUESTIONS AND ANSWERS

"Drink Milk" Milk is the slogan of the day. How is milk for an athlete? Will it give him pep or will it slow him up?—(B. M.)

Answer—A reasonable daily quantity, say from a pint to a quart, of fresh milk, is good for an athlete of any one else. It will not slow an athlete up. At the fancy prices charged for milk in many cities however, it is no longer an economical food, and if one has a reasonably varied diet, it isn't even an essential food, except for young children.

Will you please advise as to the cause of car sickness and what remedy or preventive may be used for it?—(H. R. E.)

Answer—The cause I do not know. This is the best preventive I know: For two days before the journey and the first two days of the journey (cars or ship) take each morning on arising half a bottle of Liquid Magnesium Citrate (solution of citrate of magnesia). And each morning, noon and night of these days take, about an hour before or after meal time, two drops of tincture of belladonna or a half tea spoonful of strychnine, or a grain of its active principle, atropine sulphate. Before boarding cars or ship place in each ear a cone of gauze lightly packed in, to dull all sounds. Wear this for the first two days of the journey.

Cold Feet
Is it injurious to health in any way for one to get cold feet, aside from the mere discomfort of it? I am a great lover of outdoor life, and in the summer I practically live in a bathing suit and bare feet at our camp, and sometimes while sitting reading or writing on a foot stool. Friends say that I'll get my death, but if I like it how can it hurt my health?—(M. V.)

Answer—It can't injure your health. If cold feet gave us our death the graveyards would never hold us.

Pity This, Tis True
I was told by a skin specialist that I have pityriasis of the scalp. Is this serious, and can anything be done for it?—(S. S. D.)

Answer—Another terrible name for it is seborrhea. It is not, it is vulgarly, an incurable skin condition. We specialists will have our little joke. Glad to send you suggestion for control of dandruff if you will accompany your request with the convenient S. A. E.

Twenty-Five Years Ago

Tuesday, Nov. 10, 1895

Cutters and steaks made their appearance on the streets but the sleighting was anything but satisfactory.

A. Barreau went to Milwaukee, where he was summoned to appear as a witness in a case before the United States court.

Benjamin H. Barrett retired from the hardware firm of Schlafer & Barrett and was succeeded by James A. Wood.

D. W. Dean returned from Buffalo, where he had been for several months and was to remain here until after the holidays.

Physicians reported the health of the city as fairly good. The epidemic of grip was practically over and there was less than half a dozen cases of diphtheria and typhoid fever.

The officers and directors of Prescott hospital announced they would like to meet a committee of citizens whose names appear below at the council rooms the following Thursday evening for the purpose of discussing and devising plans for building a new hospital.

No Parking

By Frederic J. Haskin

Washington, D. C.—The capital is all tangled up in its automobile problem, which here, as almost everywhere else, becomes more distressing every year. Further, the situation is complicated by that unique spider web of streets and avenues which the ingenious 1/2-inch construction at the behest of George Washington and to the confusion of everyone who drives a car.

At the present time it is not the driving but the parking of cars which is stirring the emotions of our great Capital, relegating the old disarmament and taxation to secondary positions. If the street system of Washington is typical, and is one which every city of its class in this country is struggling with.

There are plainly only two ways to solve the problem in the long run. One is to forbid all parking in the downtown section, and the other is to provide some system of public garages in that section, where shoppers may store their cars. It is manifestly out of the question to let the cars go on piling up at the curbs, surging through the streets, blocking street car traffic and knocking down pedestrians. The condition is already bad and growing worse.

The Washington commissioners thought to solve the problem by the first method. They issued an order stating that after a certain date about a month off there would be no parking during the greater part of the day in the downtown section. They designated a section of the city about 10 blocks long and 6 wide. Anyone willing and able to walk from 3 to 5 blocks would still be able to reach the heart of the business section without a motor. But it appeared that no one was willing to walk that far. The publication of the order brought forth a striking demonstration of the extent to which people have come to depend upon their cars. Practically without exception the motorists proclaimed that a terrible hardship was being worked upon them. They were begged to wait three or four hundred yards every day, and in some instances individuals might have to walk as much as half a mile. It was not merely injustice, it was cruelty!

The Anti-Walking Movement
Father walked 3 miles to school and back every day beginning when he was 7 years old, and he walked down town every day until about 1911. Grandfather, who was a pioneer, walked across the Allegheny Mountains, and he walked 15 miles a day to keep him in health. But to the present generation, a foot is merely something with which to step on the gas.

The motorist is a docile bird. He obeys a complicated lot of laws. He lets policemen cuff him and roar at him without ever losing his smile. But do not ask him to walk. That is an insult.

And the insulted motorist was backed up in his complaint by the frightened merchant. He said and evidently believed that trade would be ruined if cars were kept out of the business section. He evidently believes that shopping is for many persons, especially women, a semi-outdoor sport followed in motor cars, and one which would be less popular on foot. Doubtless he is to some extent right. Yet it is hard to believe that the total amount of retail sales in any city would be reduced in the long

THE QUESTION BOX

(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Bureau Editor, Frederic J. Haskin, Director, Appleton, Wis. This offer applies strictly to information. The Bureau cannot give advice on legal, medicinal, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Please explain the origin of Halloween? V. C.

A. Halloween is a relic of pagan times. In England the influence of Druidical ceremonies is evidenced in the ancient Halloween fires. Certain of the customs which used to prevail in England were survivals of the festival of Pomona, the Goddess of fruit. Halloween is called by this name because the festival falls on the evening of October 31, which is the eve of All Saints, which falls on November 1.

Q. Do any states in the United States tax timber lands on the yield basis? F. T.

A. The forestry service says that the tax on yield of timber lands is commonly known as the severance tax, that is, a tax on the amount of timber cut. As far as we are able to ascertain, this tax is found only in the state of Louisiana.

Q. What official rank did a chaplain of the Revolutionary army hold? D. L.

A. The war department says that an act of the continental congress, passed July 5, 1775, provided that a chaplain be appointed for each regiment in the continental army, and that their allowance be increased to \$23 1/2 a month. The rank held by chaplains in the American army during the Revolution was not ascertained, nor has it been ascertained whether the rank was the same for all chaplains in the continental army at any given time, or whether the rank differed in the militia of the several colonies of states that furnished troops for that war.

Q. If the earth should cease to rotate, would bodies at the equator weigh more or less than they do now? W. F. R.

A. The naval observatory says if the earth should cease to rotate, the weight of bodies at the equator would be increased by 1/288 part.

Q. How large is the largest pearl in existence? S. O. T.

A. The largest pearl of which there is a record is in the Hope collection in the British museum. It weighs three ounces and is four and one-half inches in circumference.

Q. What is the Decameron? W. C. C.

A. This is a collection of 100 short stories by Giovanni Boccaccio published in 1352. Ten of the tales are represented as told one each day for ten days by three men and seven women during the plague near Florence, Italy, in 1348. They range from the pathetic to the grossly licentious, and are preceded by a powerful description of the plague.

Q. Which is the higher hand in poker, three fives and a pair of aces or three sixes and a pair of queens? H. A.

A. The winning hand is decided by the value of the three of a kind. Three sixes and a pair of aces beats three fives and a pair of aces.

Q. What is Escorial? P. R. S.

A. The Escorial is the largest building in Spain. Composed of a monastery, church, college, tomb and palace, it is built on about 27 miles foot above the city of Madrid. It was built between 1562 and 1584 by Philip II, and the bodies of all the Spanish kings since Emperor Charles V. are buried there with the exceptions of Philip V. and Ferdinand VI.

Q. How thick is plate-glass? D. T.

A. Polished plate glass varies in thickness. It is made as thin as one-eighth of an inch or as thick as one and one-half inches. The plate glass in general use is from three-sixteenths to five sixteenths of an inch thick.

Pajamas that rush in where hot water bottles fear to tread

\$2.25 to \$3.00

It's useless to try and picture the comfort these fluffy outing flannels will bring to your night's rest between now and March 15th.

The same materials in Night Robes at \$2.25 and \$3.

Both the highest quality—so if you find any lower price you'll know it is not of the sort of goods we are talking about.

Warmer hose—fine for these mornings—all at prices that get us up early and keep us up late.

MATT SCHMIDT & SON

Daily Editorial Digest

(Title Reg. U. S. Pat. Off.)

Resume of American and Foreign Newspaper Opinion

An American Flag Station on the Rhine

Rhine

The "poor unfortunate American doughboys" who are having such a terrible time in Germany, pictured by the WHEELING W. VA. REGISTER (Dem.) as "quartered in the Coblenz barracks, admittedly the finest in the land, provided with fresh food paid for by the German government; with all manner of entertainment at hand and with \$55 or \$40 per month to spend," don't want to come home. And for reasons rather deeper than the personal preferences of the "poor" of American soldiers, also, don't want them to come. The probable course to be followed by the administration after the proclamation of peace, according to reports—that of gradually reducing the army of occupation until only a small garrison is left on the Rhine to keep the American flag flying—is approved by most commentators. There is still, however, an insistent voice that American soldiers have no business in Germany and should all be brought back; and another, that the United States is still obligated, regardless of restored peace, to assist the allies in the collection of reparations, and that therefore the organization should be kept formidable.

The withdrawal of the American forces in Germany, the BALTIMORE NEWS (Ind.) asserts, "is not a thing which has been generally demanded by the sentiment of the country, nor is it a thing which should follow logically upon the ratification of the treaty of Berlin." Agitation for withdrawal has been "principally an oratorical point to impress the back counties," and the NEWS finds it "a little surprising" that the administration should be considering such action since "the allies want our troops to remain in Germany. The Germans want them there as well. Their presence has had none but a good effect, and 'they are not even any particular drain upon the treasury.' 'Take it all around,' the ASBURY PARK PRESS (Ind. Dem.) adds, 'any extensive agitation to have the boys brought back soon after the armistice conclusions reached at the arms conference may have something to do with the final disposition of the matter.'

However, the WICHITA EAGLE (Ind.) declares unequivocally that "the American troops on the Rhine should be brought home at once." They are "no longer needed there," the ANACONDA STANDARD (Dem.) agrees, "their presence is a sharp and burdensome drain from the coffers of Germany," which hampers her "in her attempts to meet all her reparations demands," and all things considered, "the American army should be ordered home without further argument or delay. The FLINT (Mich.) JOURNAL (Ind.) also says that "the continuance of American troops there is an added drain upon German resources for reparations," and the "logical thing to do is to recall them," although it recognizes that such action is "likely to furnish the French with additional material for their contention that France cannot make a radical cut in her land armament."

The COLUMBIA (S. C.) RECORD (Dem.) while it does not relish the situation, says "no other course open to the United States" but withdrawal, for "with the exchange of treaty ratifications, the relations between this country and Germany will be on the same formal and official footing as they were before the early days of 1917," and "maintaining an armed force within the boundaries of Germany now would have about the same technical legal standing as if President Harding decided to send and keep up an army of occupation on the banks of the Thames or the Seine."

The BALTIMORE SUN (Ind. Dem.) thinks the program will doubtless be pleasing to "those who think that America is West and Europe is East and the twin should never meet," but "how it will be received in Europe is another question," although it expresses the belief that "such an important step" would not have been taken by the administration "without seeking the approval of those who were allies of the United States." This, however, the MOBILE REGISTER (Dem.) doubts. By withdrawal we admit that our occupation has been "on a different basis from that of the allied forces. We held the frontiers of Germany pending the establishment of a peace status between ourselves and Germany. The allies held them as insurance against failure to comply with treaty terms," and over and above everything else, "the DAYTON NEWS (Dem.) maintains, 'is the consideration that we expect the terms of the Berlin treaty to be enforced by Germany; we must do our share toward guarding the territory allotted to us.'

"Admitting that we cannot abandon our associates, since we have not in any still withdrawn as co-enforcers with the allies of the treaty of Versailles," the PITTSBURGH GAZETTE TIMES (Rep.) holds, nevertheless, that "a much smaller force of American troops may prove just as effective as the present numbers, as the moral effect will not be less."

A small body of American troops will, according to the SPRINGFIELD UNION (Rep.), "reduce the cost of occupation of Germany without reducing the evidence of a united purpose to hold her to the terms of the Versailles treaty in which we are interested, inasmuch as our separate treaty is in a measure based on it."

The good faith of Germany in respect to that treaty "is still in grave doubt," the PROVIDENCE JOURNAL (Ind.) says, and military necessity still remains the single effective medium in holding the Germans to their word." So long as that remains true, "it will be well to keep the American flag flying on the Rhine."

Healing by Faith

Remarkable tales of faith healing accomplished by Batana, a Maori "Miracle Man", are related by the New Zealand correspondent of the LONDON OBSERVER.

"Batana, the Maori 'Miracle Man', or 'faith healer' continues to attract considerable attention. He says, 'At present he is teaching the country with several friends traveling in a caravan. At every town containing Maori inhabitants in any number he remains for a short time and preaches his gospel of faith.'

"One of the most astonishing cures reported is that of a European girl who was an incurable cripple. While Batana was holding a special service she arrived in a taxi, and he was asked to come out and see her. He said: 'Go back and tell her that this service is over I will go to her.' He was told that she was in a condition to walk, and he replied 'Go back and the rain will come or cease.' His word was obeyed, and it was found that the pain had ceased. Yet Batana had not seen the girl and she was not near him. After the service Batana went up to the girl and said to her: 'Rise up and come with me to the church.' He was told that she was unable to use any one of her limbs, but he repeated his command. The girl rose, stepped from the taxi, walked with Batana to the church, and presently returned with the full use of her limbs.

"Another European cure that has been reported is that of a gentleman who came to see Batana on crutches and left him without their aid. He not only left his crutches behind but also a tankard. Immediately Batana found the note he called the gentleman back and returned it to him, saying: 'I cannot accept payment; I am only doing my duty.'

The BALTIMORE SUN (Ind. Dem.)

Clubs and Parties

Wednesday Musicals
Mrs. Richard Gutschow will be hostess to the Wednesday Musicals at her home, 4 Brookway-pl. Wednesday afternoon. Mrs. F. P. Doherty has charge of the following program on Grieg, Gluck, Nevin and Harriet Ware:
My Desire (vocal solo) Nevin
Miss Maude Harwood
A Day in Venice (piano solo) Nevin
a. Down, b. Goodnight, c. Love Song, d. Goodnight.
Mrs. Mark Catlin
The Princess (vocal solo) Grieg
Mrs. F. J. Doherty
Norwegian Dance, No. 2 and 3, Opus 35 (piano duo) Grieg
Mrs. J. J. Ellsworth, Mrs. Mildred Boettcher
Che Faro Senza Burdick (vocal solo) Gluck
Mrs. S. W. Murphy

Social Gathering
A social gathering for the young people of Zion Lutheran church was held Monday evening at Zion Lutheran hall and was well attended. About 125 young people were present. The gathering was opened with an address by the pastor, the Rev. Theodore March, and was followed by short talks on university life and football. There were musical selections and several songs by the Glee club. Refreshments were served.
A senior Young People's club was organized with a membership of 75 and the next social will be held Monday, Dec. 12.
A social gathering for the juniors will be held Monday evening, Nov. 21 at which time arrangements will be made to organize a Junior Young People's club.

Entertain Girl Scouts
The younger patrol of Troop 2, Girl Scouts, known in the troop as "the little girls," will be the guests of the older patrol at a supper party at the Congregational church Monday evening. The Misses Dorothy Doyle and Dorothy Allsworth are the committees in charge of the party. Mrs. A. L. McMillan spoke to the troop about Red Cross work at the regular meeting Monday evening and work was commenced at once on a layette to be sent to a needy family in Europe. Further plans for basketball activities were discussed.

Rehearsal Postponed
There will be no meeting of Appleton Womans club Glee club this week because of the crowded conditions in clubroom. Three other activities asked to be scheduled at the clubroom on Wednesday evening, and reservation was made for one group, before it was realized that Wednesday night was glee club night. Consequently it was decided that the songsters would be glad of one night's vacation. The next meeting will take place a week from Wednesday at 7:15.

Moore Initiation
Appleton lodge No. 367, Loyal Order of Moose, will initiate the first division of the James J. Davis class of candidates Tuesday evening in Pythian-Moose hall. The initiation and social will take up the entire evening. Other sections of the class will be initiated about Thanksgiving Day. It is expected that about 30 men will comprise the first division to be initiated Tuesday evening.

Dramatic Club Play
"The Kingdom of Hearts Desire" was the play put on by members of the Dramatic club of Appleton Womans club at its regular meeting Monday evening. Those who took part included the Misses Ruth Johnson, Lida Schneider, Nell Mantell, Evangeline Warick, Cecil Hallis and Josephine Johnson. review of "Aphrodite" was given as a part of the program.

Change Club Name
The Tuesday Bridge club has changed its name and will henceforth be known as the Bridgeets. This action was taken at the meeting Saturday afternoon when members of the club were the guests of Miss Anne Haves at a party in the French room of Hotel Sherman. Mrs. J. P. Frank will be hostess to the club at its next meeting. Mrs. J. D. Franklin of Menasha won the prize on Saturday.

Plan Thanksgiving Dance
Plans for the annual Thanksgiving dance by the Appleton postoffice association were made Saturday night at a regular meeting.
George Weinforter was named chairman of the committee in charge of arrangements for the affair. It was voted to hold the event in Eagle hall on Wednesday evening prior to the dawn of Thanksgiving day.

Eagle Ladies Visiting Day
The regular visiting day of the Lady Eagles will take place at Eagle

hall at 2:30 Wednesday afternoon. There were 26 tables in play at the open card party which the Lady Eagles gave at Eagle hall Friday evening. Prizes were won by Mrs. Edward Turnow, George Durdell, T. F. Heardon, Mrs. J. R. Richmond and Carl Koehnke.

Wed at Menominee
Miss Alice E. Bradley, daughter of Mr. and Mrs. James Bradley of Ironwood, Mich., and John P. Barman, son of Mr. and Mrs. William Barman of Appleton, were married Thursday afternoon by the Rev. G. E. Schroeder in the Christ Lutheran church at Menominee, Mich.

Christian Mothers Party
The Christian Mothers of Sacred Heart church will give a card party in the basement of the school at 7:30 Thursday evening. Prizes will be awarded for shafskopf, skat and pumpsack.

Entertain at Dance
Under the auspices of the Appleton Womans club, Troop 3, Girl Scouts will be hostesses at a dance in the high school gymnasium Friday evening. The high school orchestra will furnish music. Girls from Troops 1 and 3 are assisting with the sale of tickets.

Will Wed Kansas Girl
Word has been received from McPherson, Kan., of the engagement of R. Wallace Powers, formerly assistant physical director of the local Y. M. C. A., to Miss Mildred Young of McPherson, Kan. Mr. Powers is now physical director of the Y. M. C. A. at Fremont, Neb.

Dental Club Meeting
A meeting of the Appleton Dental Study club will be held Tuesday evening at the home of Dr. L. H. Moore, 626 Union-st. Routine business will be transacted and most of the evening will be spent in a discussion of problems of the trade.

Plan for Next Meeting
The council of the Business and Professional Womans club will meet at the Y. M. C. A. at 5:30 Tuesday evening. The business meeting of the council will follow supper served in the cafeteria. Plans will be made for the next meeting of the club.

First Elk Dance
The Valley Country club orchestra will furnish music for the first of a series of winter dances to be given in Elk club for members and their friends. The first dance will be held Tuesday evening from 8:30 to 12 o'clock.

Fortnightly Club
Mrs. J. H. Farley of 474 Alton-st. will be hostess to the Fortnightly club at its meeting, Wednesday. Mrs. Howard Russell will be in charge of the program, entitled, "Empress Eugenie".

Entertain for Guests
Mrs. Otto Schultz, 1309 Lawrence-st., entertained at a 6 o'clock dinner Sunday evening in honor of Mr. and Mrs. A. A. Johnson of Milwaukee. Thirty guests were present.

Yeomen Meeting
Homestead No. 6004, Brotherhood of American Yeoman, will hold a business meeting at 8 o'clock Tuesday night at Odd Fellows hall.

Marriage License
Application for a marriage license has been made to the county clerk by Peter Jockman of Greenville and Caroline Lamm of Ellington.

OSHKOSH GETS NEXT TEACHER CONVENTION

Because Appleton would not give the financial assistance offered by Oshkosh, the next annual convention of the Northeastern Wisconsin Teachers' association will be held in the Sawdust city.

Word to this effect has been received by Secretary Hugh G. Corbett of Appleton Chamber of Commerce from O. H. Plenzke, president of the association. Appleton asked the teachers at their recent meeting in Green Bay to hold their next convention here and promised helpfulness and cooperation.

Prin. Rassey Moves
Leo C. Rassey, principal of Appleton high school, who recently purchased the R. Rassey residence at 534 Prospect-st., took possession Tuesday. He formerly occupied one of the Stowe residences on Lawrence-st. Mr. Rassey expects to remove to California.

C. Bernhardt of Racine, was in Appleton Monday.

CHURCHES UNITE IN PEACE DAY SERVICE

A majority of Protestant churches of Appleton are combining in a union Armistice day service to be held in Lawrence memorial chapel at 9:45 Friday morning. The service will be brief so that it can be concluded before the start of the program arranged by the American legion which is scheduled to begin at 10:15.

The union service program follows:
Hymn—"America, the beautiful."
Invocation The Rev. Mr. Nuss
Brief Addresses:
..... The Rev. Mr. Bernhardt
"Commemoration of the Heroic Dead" The Rev. Mr. Kelscher
"Disarmament" The Rev. Dr. Peabody
Hymn—"An International Hymn."
Prayers The Rev. Mr. Schrockenberg
Dedication The Rev. Mr. McMillan
Hymn—"The Star Spangled Banner" (One stanza)
Program Chairman The Rev. Mr. Menzner
Organist Miss Brigham

EQUITY HEARS ADDRESS ON FINANCIAL CONDITION

The Mackville local of the American Society of Equity held a meeting Monday night which was addressed by Theodore Draxos of Green Bay, who spoke on the financial condition of the country. William Cooper, also of Green Bay, district distributor of a certain line of farm implements, spoke on cooperative planning to the sale of farm machinery. A meeting of the Apple Creek local will be held Tuesday evening.

Holiday Dainties

The old-fashioned Thanksgiving dinner desert was pie, mince and pumpkin both, and an Indian pudding. Now we sometimes add ice cream to the pie and do without the pudding. Put an Indian pudding is delicious and more unusual than an ice cream. These desserts are as traditional as turkey itself. The whole dinner could be finished off with nuts, raisins and apples and black coffee.

KITCHEN

Serve sweet cider with the dinner proper.

Mince Meat for Mince Pie
Two pounds beef heart, ½ cup suet, 4 cups chopped apples, 1 lb. raisins, ½ cup shredded onion, 1 tablespoon cinnamon, 1 tablespoon all-spice, 1 cup boiled cider, 2 teaspoons salt, 3 cups brown sugar, ½ cup vinegar, ½ cup water.

Boil meat until tender. Skin during boiling. Remove fat and gristle and chop. Put suet through food chopper. Seed and chop raisins. Put all ingredients in preserving kettle and cook, stirring to prevent burning for half an hour after boiling begins. Send jelly, preserves or canned fruit may be used in mince meat. Chopped nuts and candied lemon and orange peel are sometimes added. A mince pie should always have an upper and a lower crust. The crust should be well baked but as the filling has been cooked the oven should be hot enough to bake the pie quickly.

Indian Pudding
Four cups milk, 2 tablespoons butter, 3 eggs, 2½ cup corn meal, 1 cup seeded raisins, ½ cup sugar, 1 scant teaspoon salt, ½ teaspoon ginger, ½ teaspoon cinnamon.

Scald milk and stir in meal. Let cool to lukewarm temperature. Add butter, eggs well beaten, raisins, sugar, salt and spices. Mix thoroughly and pour into a buttered pudding dish. Bake in a slow oven for an hour and a half. Serve with hard sauce.

Hard Sauce
One cup butter, 2 cups powdered sugar, 1 egg (white), ½ teaspoon vanilla, nutmeg.
Beat butter to a cream, slowly beat in sugar. The sugar should be rubbed through a sieve. Beat in vanilla. Beat the egg white till stiff and dry and add to the first mixture. Mix carefully and pile in dish to serve. Sprinkle with a few gratings of nutmeg. Hard sauce is not a task to make if the butter is creamed before any sugar is added.

Steamed Fruit Pudding
Two-thirds cup finely chopped suet, 1 cup molasses, 1 cup milk, 3 cups flour, 1 teaspoon soda, 1½ teaspoons salt, 1 orange, 1 cup stoned and chopped dates, 1 cup stoned and chopped prunes, ½ teaspoon cinnamon, ¼ teaspoon ginger.

Work suet with the hands or a silver fork until creamy. The warmth of the hands will aid in the creaming. Stir in molasses and milk. Add soda, salt, and spices to the flour and sift into the first mixture. Add juice and grated rind of the orange. Sift a

little flour over the dates and raisins. Mix well and stir into the pudding mixture. Mix thoroughly and turn into a buttered mold. Steam three hours and serve with whipped cream.

SLIPPERY PAVEMENT IS CAUSE OF AUTO COLLISION

Shredding on the sleek-covered pavement caused a collision Monday evening by an automobile driven by It. M.

Kanik of Oshkosh and a truck driven by S. Amaze for the Neenah Dairy company at College-ave. and Onondaga. A front wheel, fender and running board were broken on the automobile, the right fender of the truck was broken.

Attends First Meeting
A. S. Galpin, the new clerk of the Second school district, who succeeds George H. Paekrud, resigned, was present at the monthly meeting of the board of education at Appleton high school Monday afternoon and took an active part in the proceedings.

BLISTERS OVER BODY AND HEAD

Baby Fretful. Hair Came Out. Cuticura Heals.

"My baby first began breaking out on her stomach and then it came all over her body and head. The eruption was in little clear blisters full of water. She was so cross and fretful she could hardly sleep. Her hair came out."

"She was broken out for about a month before I used Cuticura Soap and Ointment, after using one cake of Cuticura Soap and one fifty cent box of Cuticura Ointment and one twenty-five cent box of Cuticura Ointment she was healed." (Signed) Mrs. W. H. Denon, Villa Grove, Illinois.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes. Sample Each Free by Mail. Address "Cuticura Lab., Dept. 5, Malden 45, Mass." Sold everywhere. Soap 5c. Ointment 25c and 50c. Talcum 25c. 30c. Cuticura Soap shaves without lather.

DINE AT THE PALACE

This popular Tea Room is now serving Regular Dinners at Noon Time, and every particle of food served at these wholesome dinners—is "home cooked." You'll find the Palace real handy and will certainly appreciate these Regular Noon Dinners that are piping hot and sure satisfaction for healthy appetites.

Combination Lunches may be had at any time during the day or evening and also a selection from a half dozen delectable salads. The pies served at the Palace are "home baked" and certainly hit the spot. A variety of tasty sandwiches and delicious pastries can be served promptly at any time during the day or evening.

The Palace Tea Room and Candy Shop

Adventures of the Twins

—Olive Roberts Barton—

By Olive Roberts Barton
After Sprinkle-Blow had gone, Nancy hunted up the brass-polish and stove-polish and silver-polish and floor-polish and window-polish and set to work shining up the fairy-man's house. Nick beat rugs and moved furniture and did chores of all sorts, and soon the place shone like Aladdin's lamp. Wouldn't Sprinkle-Blow be surprised, though, when he returned from his vacation to find everything so spick and span, without any trouble to himself at all. Everything was done at last and Nancy, arms akimbo, surveyed their work with pride. "Now, what'll we do, Nick?" she asked, smoothing down her apron. "What else can we clean?"
Just then her eye fell on the key to the house of the Nulscience Fairies, hanging on the nail in the wall where Sprinkle-Blow had left it, and an idea popped into her head. She had forgotten what the fairman had said about not touching it. "Oh, Nickie, let's clean house for the Nulscience Fairies, too, poor things," she cried. "I don't suppose that anybody does anything at all for them and I'm sure they'd like to be scrubbed up!" Nick thought it a good idea. "But," said he, "how can we get in without opening the door, and if we open the door they'll get out at once, and if they all get out at once the earth will have 40 kinds of weather. Then what would Mr. Sprinkle-Blow say?" "Nancy was thoughtful. 'I'll tell you,' she answered slowly. 'We'll ask our Magic Shoes to make us little enough to crawl through the key-hole. That's easy enough.' 'But then we can't take the polishes along,' declared Nick. 'No, that won't do.' 'Then,' said Nancy firmly, 'we'll just have to use the key and be quick about it.'"

NAME DR. RIDEOUT HEALTH OFFICER

Physician Is Appointed by Hortonville Village Board to Serve Two Years

Hortonville. — Mr. and Mrs. G. Zuelke and daughter, more of Appleton were business visitors here Friday.

Vernon Klein autoed to Appleton Friday.

Miss Elsa Didrick of Oshkosh visited at the Jacob Jack home Friday and Saturday.

Manville Stearns of Tipton spent the weekend with his aunt, Mrs. Robert Kluge.

Mrs. L. Shauhan of Oshkosh, is visiting relatives in the village.

Myron Steffen autoed to Appleton Friday.

Mr. and Mrs. A. Boyer and Mrs. C. Saur transacted business at Appleton Saturday.

Lloyd Schulz autoed to Menomonie Saturday morning where he spent the weekend with friends.

Miss Adeline Kline, who is employed at Kline's, spent the latter part of the week with her parents, Mr. and Mrs. John Kline.

Mr. and Mrs. F. A. Ritzke were Appleton shoppers Friday.

The Misses Sophia and Agnes Dorn of Appleton were entertained at supper at the Frank Winkler home Wednesday.

Mrs. Oscar Olson who has been visiting her parents, Mr. and Mrs. John Waite for the past two weeks returned to her home at Galesburg Sunday.

Mrs. F. C. Gitter, Jr., is on the sick list.

Carl Frank Smith and Irving Smith autoed to Fort Sheridan, Ill., Thursday in Irving Smith's car. Carl Smith spent one day at Fort Sheridan while Irving Smith autoed into Chicago on business. From there they autoed to Milwaukee and returned home Saturday night.

Capt. Smith says Fort Sheridan is enjoying such fine weather that flowers are in bloom and leaves are still on the apple trees.

Mrs. Fred Schulz, Sr., spent the past week at the home of her son, Charles Schulz.

Mrs. D. A. Mathewson and Mrs. G. A. Buehner were Appleton shoppers Saturday.

Miss Lucile Klein was a New London visitor Saturday.

Mr. and Mrs. Chris Mesheke and daughters Lillian and Verona were Appleton visitors Friday.

The Hortonville merchants played their first basketball game of the season at Hilbert Friday night and were defeated by a score of 41 to 10.

At the last meeting of the village board, Dr. M. E. Rideout was appointed health officer for the village, for the unexpired term of two years.

BIRTHS

Son was born to Mr. and Mrs. Irving Spurr, Kaukauna, at Maternity hospital Tuesday morning; son to Mr. and Mrs. William Steiner, Waukegan, Sunday; and a daughter to Mr. and Mrs. Joseph Gamsky, Fourth-st., Friday morning.

WHAT DO YOU KNOW ABOUT VITAMINES?

Science as yet knows comparatively little about this newly recognized property of foods.

It is known, though, that a diet without vitamins leads to sickness and certain death.

Heating weakens the potency of entirely destroys vitamins. A French scientist is authority for the statement that eating nothing but cooked foods for a year would be fatal.

It is a problem how to secure sufficient vitamins. Some vegetables contain this property in abundance, but not many vegetables can be eaten uncooked.

The most palatable way to insure an abundance of vitamins is by eating fruits. Oranges are particularly recommended by physicians. You can secure free from our Washington Information Bureau a booklet containing about 200 recipes for palatable dishes and drinks containing orange and lemon. Fill out the coupon below and mail it, enclosing two cents in stamps for return postage. Be sure your name and address are written clearly.

Frederic J. Haskin, Director, The Appleton Post-Crescent Information Bureau, Washington, D. C.

In enclose herewith two cents in stamps for return postage on a free copy of the Orange and Lemon Booklet.

BREAKS BOTH LEGS WHEN HIT BY AUTO

Daughter Pins Father Between Automobile and Wall of Garage

Kaukauna.—An attempt to run his car up on blocks to keep the tires out of the water which came from a leaking radiator resulted in the fracture of both of Ferdinand Meinert's legs Sunday afternoon when his daughter, who was assisting him, ran the machine too far, pinning her father between the stone wall of the garage and the bumper of the auto, Mr. Meinert saw his predicament quickly and grasped the window sill and the car radiator and attempted to raise himself above the level of the bumper but the machine came too fast and he was caught above the wheels. The family had just returned from an afternoon ride.

Collide with Street Car
A new Studebaker sedan was slightly damaged Sunday evening on the corner of Margaret-st. and Wisconsin-ave. when it collided with the 545 interurban car bound for Appleton. The four occupants were unidentified.

Entertain Friends
Miss Eva Grebe entertained Sunday afternoon at her home. The afternoon was spent in social enjoyment. Eight girls were present.

Funeral Services for the infant daughter of Mr. and Mrs. Martin Arts, town of Buchanan, were held at 10 o'clock Monday morning from St. Mary church. Burial was in Hollandtown cemetery.

Preparation for Supper
A meeting of the members of the committee of arrangement for the supper to be given by St. Mary congregation Tuesday and Wednesday, Nov. 15 and 16 in the church basement, was held Monday evening.

Kaukauna Personals
Mr. and Mrs. John Weiss were guests at the home of Mr. and Mrs. Archie Crevier Sunday.

Mr. and Mrs. William Miller visited at the home of Mr. and Mrs. William Miller Sunday.

Mr. and Mrs. Wichman of Seymour, were visitors at the home of Mr. and Mrs. Emil Keil Sunday.

John Wandall of Miles City, Mont., is spending a few weeks in this city with relatives and friends.

Mrs. Charles McGreor of Neenah, was a business visitor in Kaukauna Monday.

Mrs. E. Van Able of Hollandtown, spent Sunday at the home of Mr. and Mrs. H. H. Van Able.

Mrs. A. Nagan, Mrs. Nick Arehtz and Miss Olive Nagan autoed to Green Bay Sunday.

Mr. and Mrs. E. C. Curtiss of Saukville, were visitors with relatives in this city Sunday.

Miss Hermine Holud was a Green Bay visitor Sunday.

Miss Edith Meyer of Sniderville spent the weekend with her mother-in-law in Kaukauna.

Earl Wandall returned Monday to Missouri Valley, Ia., after spending a few days with his parents and friends in Kaukauna.

Mrs. L. J. Meyer was an Appleton visitor Sunday.

Mrs. Arthur Marete and Miss Louise Marete of Appleton, were guests at the home of Mr. and Mrs. Charles Bloch Sunday.

Mr. and Mrs. W. H. Haersly autoed to Calvary Sunday to visit their son who is in school.

William Rader, was a business visitor in Green Bay Monday.

LOOSEN UP THAT
HEAVY COLD

THE person who once gives Dr. Bell's Pine-Tar-Honey, the national cold relieving medicine, a fair opportunity of proving itself, becomes a convert. He learns how really beneficial its healing and balsamic antiseptics are in helping relieve a cold, cough, gripe, bronchitis, hoarseness.

Today—right now—get an economical bottle at your druggist's. It will be a well-earning investment. Children like it. Safe and economical. Keep it on hand. 30c.

51 NOW ENROLED IN TRAINING SCHOOL

Second Quarter of School Year
Opened Monday — High Gridders Play Freshmen

Special to the Post-Crescent
Kaukauna.—Outagamie-co. training school opened its second quarter of the school year Monday morning after a vacation which began last Thursday. The enrollment now is 51. Miss Augusta Schroeder of Seymour, was the latest student to enter the school.

Manual training and grammar and composition for the seniors were added to the curriculum and the program was adjusted easily without the usual conflicts which formerly made numerous changes necessary.

While the rest of the faculty attended the state teachers' convention in Milwaukee, Prof. W. P. Hagman, principal, spent Thursday and Friday visiting among the teachers who graduated from the training school last year.

Odd Fellow Initiation
There will be work in the first degree at a meeting of the Kaukauna Odd Fellows Thursday evening in Odd Fellow hall. A social hour and "cats" will follow the business session.

Silver Wedding
Mr. and Mrs. A. Goldin were pleasantly surprised by about 100 friends and relatives Sunday afternoon in honor of their silver wedding anniversary. Games, cards and music furnished entertainment for the afternoon and part of the evening. After supper for 100 persons a mock marriage was held. Most of the guests were from out of the city.

Play College Freshmen
Kaukauna high school football team will wind up the season with a game on Armistice day with Lawrence college freshmen. In spite of the defeat last Saturday at Appleton, the boys are satisfied with the showing they made.

Although the students will be required to go through the formalities of attending school, there will be a short session. The students will meet and march in a body to the grounds where the game is to be played. The team will be strengthened by the entrance of Schroeder and Miller who have not played with the regular team this season. Appleton high defeated the freshmen by a score of 5 to 0 after a hard battle.

FUNERAL SERVICES HELD
FOR MENASHA PIONEER

Menasha.—Tyler D. Phillips, pioneer undertaker and coroner here for many years, is dead. Funeral services were conducted Monday afternoon under Masonic auspices. Mr. Phillips was a veteran of the civil war and was in the union ranks at Appomattox where Gen. Lee surrendered to Gen. Grant. Mr. Phillips served through the war with the Thirty-sixth Wisconsin infantry and took part in the battles of Cold Harbor, North Anna, Deep Bottom, Reams Station, and in the siege of Petersburg. He is survived by a son, grandson and one sister.

These Unfortunates Virtually
Groping in the Dark With
Their Goal at Fingers' Ends

This concentration and search by so many present day people is not carried on to satisfy a hobby. It is really forced on them by the requirements of modern methods of business and society. They want to "keep in the swim," but can't survive the nerve racking pace of modern times, because they have disregarded the laws of God and humanity until they have become victims of nervousness, easy exhaustion, lack of energy and strength. Then when they realize the condition they are in, one by one they join the vast multitude which with almost one mind is searching for revived energy, strength, health and appearances.

But the weakened state of their mind and body causes them often to lack faith in their own convictions. This is characteristic of them, and can be truthfully said to prolong the reward awaiting their search. Thousands of these folks are learning every day that the one reliable way to revive their lost health and run down systems is to take a combination of Nature's herbs, roots and berries, known to druggists as Garren's Tonic. It puts those vitamins into their blood which nourishes withered tissue, starving nerves and flabby muscles. Consequently they begin almost immediately to feel stronger, have greater endurance, look brighter and show the change which is taking place in their body by their cheerfulness.

Garren's Tonic is sold in Appleton by the Schintz Bros. Co., in Kaukauna by E. A. Meyer, in Greenville by H. H. Schultze, in Dale by Abends Pharmacy, in Bear Creek by John W. Statler, in Seymour by S. G. McCord, and by the leading druggists in every city.

DOGS SET OFF SHOTGUN;
MAN WOUNDED IN ARM

Sheboygan.—Dogs cavorting about in the tonneau of an automobile set off a charge of buckshot in a gun lying between two men in the rear seat, seriously injuring Mike Sachar, Cascade. The charge entered the fleshy part of his forearm.

MORTALITY RATE IN STATE LOWER

Tubercular Deaths Drop and Cancer Fatalities Gain, Census Shows

Special to the Post-Crescent
Madison.—Wisconsin's percentage of deaths in 1920 was lower than in the United States registration area, which comprises 82 per cent of the entire population, census bureau figures received here indicate. The death-registration area of Continental United States reported 1,142,573 deaths, with a death rate of 13.1 per 1,000 population. In the same twelvemonth Wisconsin, with 25,437 deaths (not including some delayed reports), had a death rate of 11.2 per thousand. This is slightly below the average for the last 13 years.

In the registration area one of the marked decreases was in the death rate from tuberculosis, which declined from 125.6 in 1919 to 114.2 in 1920. The rate in Wisconsin was 84.2 last year, a slight decrease from the preceding year.

How Wisconsin compared with the registration area in deaths from principal diseases is shown in the following figures, the first ratio referring to the registration area and the second to Wisconsin: Meningitis, 6.0, 3.5; diphtheria, 15.2, 13.9; measles, 8.8, 7.3; scarlet fever, 4.6, 3.9; smallpox, 0.6, 2.2; typhoid fever, 7.8, 2.2; whooping cough, 12.5, 10.7.

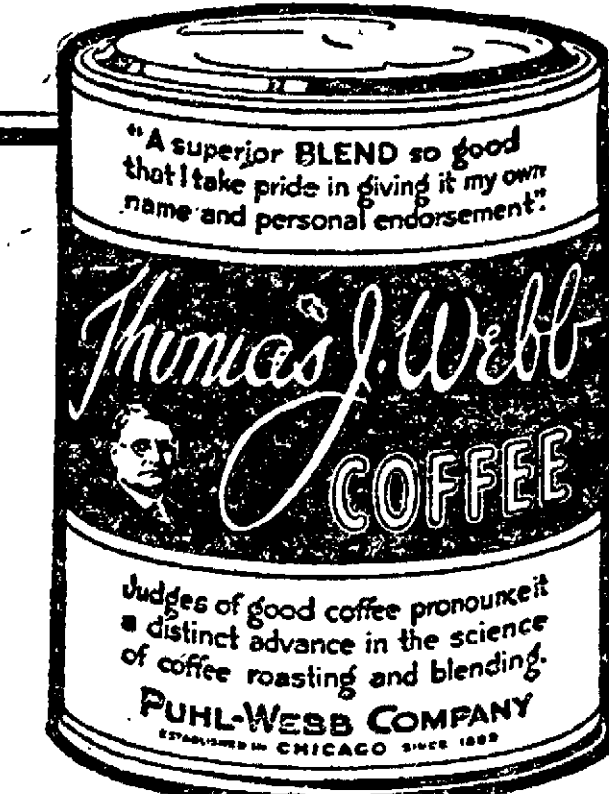

In the country as a whole the fatality from automobile accidents and injuries, totaling 9,103, equalled 10.4 per 100,000 people, while in Wisconsin, with 167 such deaths, these equalled 6.3 per 100,000.

Wisconsin's cancer mortality was slightly higher than the area's, the state's being 84.9 and the country's ratio 83. This rate is invariably increasing and justifies fully the present nationwide campaign of education against the disease.

COMMITTEE WILL BE IN CHARGE OF NEW SCHOOL PLANS

Board of Education Invites State School Superintendent to Speak Here

After a brief discussion of the junior high school problem, the board of education at its monthly meeting at Appleton high school Monday afternoon authorized the appointment by the chairman, W. H. Kreiss, of a committee to consist of one member from each district board and the high school principal to take charge of future procedure leading up to the establishment of junior high schools with power to call meetings. The appointment will be announced later.

One of the first duties of the committee will be to call a joint meeting of the board of education and common council at which it is the intention to have John Callahan, state superintendent of schools, present to discuss the legal procedure, it having been definitely determined by the state authorities that the way is clear for the city to take such action as it sees fit.

The board is unanimous concern.

Here Is Chance For a Farmer to Win Boy Friends

Appleton Boy Scouts are appealing to some farmer living within five miles of Appleton to give them the use of a piece of woodland on his farm for the winter.

The boys want to continue their hikes during the winter months but it will be necessary for them to have some place to hike to. They desire a piece of woodland where they may erect a log cabin which would form a substantial abode for winter camping.

With such a house in the woods they could plan winter hikes and camping expeditions which otherwise would be impossible. Like real pioneers they could spend the night within the log dwelling while the wind howled outside and the snow drifted silently around it.

If some farmer not too far from the city will give the use of a piece of woodland for this purpose, Scout Executive Howard P. Buck will be glad to hear from him or he may call at Appleton Boy Scout headquarters.

NEW CHEESE GRADING RULES START DEC. 1

The new grades for American cheese, promulgated by the depart-

EACH COUNTY TO PAY OWN EXPENSE OF SNOW REMOVAL

State Highway Commission Has No Funds Available to Keep Roads Open

Any effort to keep concrete highways in Outagamie co. open this winter, or in any part of Wisconsin, will be at the expense of the counties and not with funds provided by the state. This is the official announcement of A. R. Hurst, state highway engineer, who says no provision was made in the highway commission's budget for this work.

Provisions probably will be made by the county boards in this locality at their November meetings to keep the main traffic arteries open. Funds were available last year so the Appleton-Menasha, Appleton-Kaukauna, Appleton-New London and other highways could be kept clear of snow, and Winnebago co. also appropriated money to keep the road between Neenah and Oshkosh plowed out.

Very little of the money was needed and it might be said that no real experience was gained, because the winter was virtually an open one. Possibilities for all-winter use of highways by automobiles therefore remain in an indefinite stage.

Counties that have been fortunate enough to obtain a share in the concrete roads which have been constructed in this state, along with other counties desiring to keep their roads open and free from snow, must work out their own protection should this coming winter prove to be a hard one, according to Mr. Hurst.

"There will be approximately 875 miles of concrete highways in the state at the end of this year," says Mr. Hurst, "but the highway commission has no funds or power to keep the roads open unless it receives a petition from a district stating that that district desires that a certain road be kept open. The highway commission can then order the county to keep that certain road open if possible, but the state will not stand a share of the expense. The county may determine the amount which the local unit must pay as its share. In every case it is the specific duty of the local unit to keep the roads open regardless of whether they are state or county roads."

"Two methods of treatment are used," said Mr. Hurst. "The first of these is preventive snow fences, and the encouragement of the planting of natural barriers such as hedges and trees. The second is the use of snow pushers or snow plows attached to the front of trucks or tractors."

Put Numbers On Business Places, Keller Suggests

Proper courtesy and hospitality to the stranger within the gates of Appleton consists mainly in giving proper attention to small but tangible details and not in profuse words of welcome or indulgence in idealistic theories.

This is the opinion of Postmaster Gustave Keller who speaks of two things which merchants and the

street numbers on their letter heads and advertising, Mr. Keller said, but many of them overlook the matter of properly displaying these numbers on their buildings.

Another thing which is mentioned in this connection is the erection of attractive street signs at street intersections. Names of streets in the sidewalks at the corners help the pedestrian but they are of no benefit to the automobilist.

city owe the stranger who comes to Appleton.

Very few of the business places along College ave., the principal street of the city, are numbered so that they may be readily distinguished by a stranger, Mr. Keller points out. This situation could be easily and quickly remedied with but trifling expense. Numbers cost but little and they may be affixed without difficulty.

Every day, strangers come to the city and waste considerable time walking up and down the streets looking for a certain business place. Most of the business men use their

BANDIT FELS MAN AND SETS FIRE TO COTTAGE

Oconomowoc, Wis.—Herbert Curtis, Milwaukee, was knocked unconscious by a "giant" bandit here Monday morning, when he entered his summer home, intent on closing it for the winter.

Following the attack by the bandit, Curtis recovered consciousness and found his home in flames. Through the assistance of neighbors, the fire was extinguished before the home was completely destroyed.

Curtis came here last night and stayed at a local hotel. Early Monday morning he went to his summer home and on entering was attacked by a man, who he says was well over six feet tall. The man, he said, struck him with his fist and knocked him unconscious.

LAABS-NEUMAN WEDDING IS SOLEMNIZED AT DALE

Dale—Robert Laabs, son of Mr. and Mrs. A. Laabs and Miss Agnes Neuman, youngest daughter of August Neuman, were married in the Lutheran church Thursday afternoon. The Rev. F. Keler performed the ceremony.

The couple was attended by Miss Hilda Spots of Omro and Irving Sells of Tigerton, niece and nephew of the bride, respectively. The bride wore white georgette and satin and a wreath and veil. The bridesmaid wore a Nile green dress.

A reception was held at the Neuman home after the ceremony with relatives from Omro, Tigerton and Clintonville among the guests. August Neuman's birthday also was celebrated. Mr. and Mrs. Laabs will reside on the Neuman farm this winter.

KONDON'S CATARRHAL JELLY
Is guaranteed by 30 years service to millions of Americans. Kondon's works wonders for your cold, sneezing, cough, chronic catarrh, headache, sore nose, etc.

FREE 20 Treatment of your nose and throat. KONDON Minneapolis, Minn.

CASCARETS 10¢

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The nicest cathartic-laxative in the world to physic your liver and bowels when you have Dizzy Headache, Colds, Biliousness, Indigestion, or Upset, Acid Stomach is candy-like "Cascarets." One or two tonight will empty your bowels completely by morning, and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Salomel, or Oil and they cost only ten cents a box. Children love Cascarets too.

ATTENTION, BUILDERS!

NOW is the time to BUILD. Lumber and building material prices are at pre-war level and there is a big shortage of homes. Our advice is "BUILD NOW!"

HERE'S WHERE WE COME IN: We are headquarters for Lumber and Building Material at prices that are right and service that is hard to beat.

Your inquiries will be appreciated and receive our careful attention.

ing the necessity of the establishment of two junior high schools and at the meeting Monday afternoon the necessity of proceeding in a legal way was emphasized. It was also deemed advisable to extend an invitation to the common council to the meeting to be attended by the state superintendent of schools, present to discuss the legal procedure, it having been definitely determined by the state authorities that the way is clear for the city to take such action as it sees fit.

The resolution passed at a recent joint meeting of school boards was unanimously adopted. It reads: "Resolved by the Appleton Association of School Boards that it favors the establishment and erection of junior high schools for the city of Appleton and that immediately upon the establishment of an appropriation for junior high schools the union system for all public schools in the city be adopted."

Lecture on School
Principal Lee C. Rasey called attention of the board to the lecture to be delivered by City Superintendent John Silvernale of Menominee, Mich., who established one of the first junior high schools in this part of the country, to be delivered at the forum meeting of the chamber of commerce Thursday, Nov. 17, and advised all to hear him.

The matter of paying the doctor's bill submitted by Harold Ness, who was recently injured while making use of the gymnasium was referred to a committee consisting of Messrs. Harbeck, Cary and Hantschel to inquire into the legality of the question.

It was decided to borrow \$5,000 in anticipation of the tax levy to take care of current expenses. The high school will be closed on armistice day, Friday, Nov. 11, and also on Thanksgiving day, Thursday, Nov. 24, and the Friday following.

The meeting was preceded by a dinner served by the girls of the domestic science department of the high school.

BREAK ALL RECORDS AT GREEN BAY SUGAR PLANT

All records are being broken in the production of sugar at the Green Bay Sugar company plant in Green Bay, according to reports of W. R. Rosevear, general manager. Eight hundred and thirty-two tons of sugar beets were ground at the mill Sunday, Oct. 30, whereas the capacity of the plant is not over 600 tons. The season's run will be completed within the next two months. The last of the beets for the Green Bay refinery will be harvested this week. More than 50 carloads of sugar beets are shipped in to the refinery daily. Practically all of the output of the Green Bay plant has been held for local consumption.

ment of markets will become effective December 1. All American or cheddar cheese made after that date must be graded and marked, according to grade.

The cheese will be graded only by cheese graders who are licensed by the Wisconsin department of markets. Anyone may secure a license as a cheese grader if he can demonstrate his ability to properly grade cheese. The license must be secured by applying to the Wisconsin department of markets. There is no fee charged in connection with the license but for the purpose of uniformity each licensed grader must secure a grader's stamp through the marketing department. These stamps will be furnished at cost.

STRIKING MINERS GO BACK TO THEIR JOBS

Terra Haute, Ind.—Most of the 30,000 coal miners in Indiana who walked out in protest against the federal check-off in junction last week, returned to work Monday.

A few of the miners in this vicinity and around Clinton continued on their unauthorized strike. Reports from the Gibson and Knox county fields, however, showed the men returning to work, except those who had been on strike against local issues affecting individual mines.

Those returning to work obeyed the orders of the international and district leaders who directed them to start mining coal again after the United States circuit court of appeals had temporarily suspended the check-off injunction, which restrained the collection of union dues from the miners' pay.

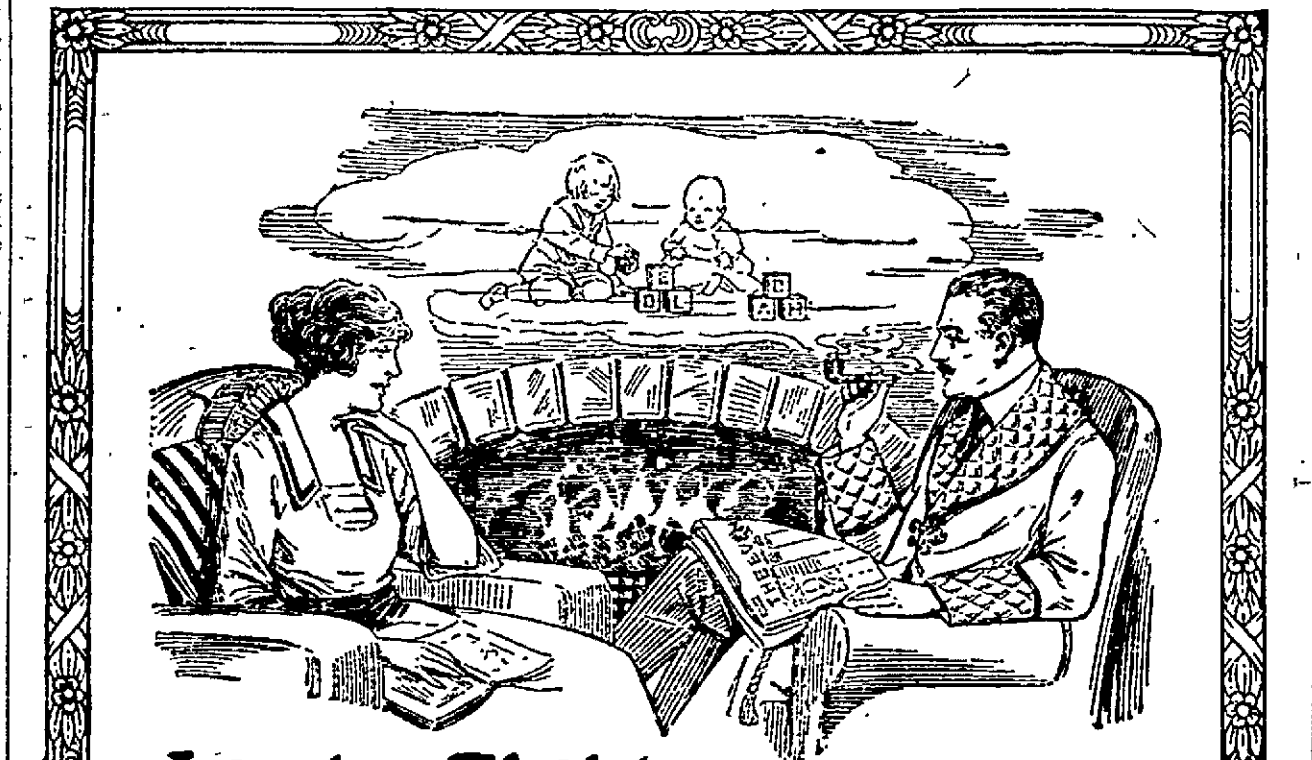

Do not neglect the "Little" Cold

Where delay may easily have been fatal:
"I caught a little cold and got so hoarse and short of breath in my chest and throat that I was almost unable to talk. Foley's Honey and Tar gave me relief at once." Peter Labadie, Meyersdale, Pa.

Always reliable for coughs, colds, croup, chest and throat irritations.

FOLEY'S HONEY AND TAR

LOWELL DRUG STORE

Little Children Brighten Homes

EVERY young couple starting out in life has visions of joyful hours spent before the fireside with healthy, happy children; but, alas, how often young women who long for children are denied that happiness because of some functional derangement which may be corrected by proper treatment. Lydia E. Pinkham's Vegetable Compound is just the medicine for these conditions, as the following letters show:

McDonald, Ohio.—"I suffered from a displacement, a weakness, and a great deal of pain. The doctor said nothing would help me but an operation. He said I could never have any children because I was too weak."

"I had often heard of Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me. Now I am in the best of health, do all of my own work, and have a lovely boy six months old. I recommend your medicine to my friends and you have my permission to use this letter."

Mrs. J. C. EAGLESON, 425 Garfield Ave., McDonald, Ohio.

Mesa, Colorado.—"Ever since I was a young girl I suffered from a great deal of pain every month. I tried different medicines, but only got relief for a short time. I had been married seven years, and wanted a child, but was not well enough. My mother advised me to try Lydia E. Pinkham's Vegetable Compound as it had helped her, and I am happy to say it restored my health, my pains disappeared, and I have a fine little girl. I advise all women who suffer as I did to try Lydia E. Pinkham's Vegetable Compound."

Mrs. F. C. WILSON, Box 34, Mesa, Colorado.

Many such letters prove the reliability of

Lydia E. Pinkham's Vegetable Compound

MANITOWOC, IN A GLASS HOUSE, PEGS STONE AT VALLEY

Shore League City Hints Baseball on Valley Circuit is Poor Stuff

When we were youngsters our teachers used to tell us the story of the fox who made several attempts to reach a bunch of grapes just out of his reach and then gave up with the consolation thought that the grapes were sour anyhow. That little story ought to be good in Manitowoc where baseball followers are just a little disappointed because their efforts to get into the new Fox River Valley league are not meeting with much encouragement.

Recently a statement from Manitowoc made the charge that the shore league teams probably would make the valley leaguers look like "rank amateurs" if they were admitted into the Valley league and hinted that that might be a reason for not admitting the Manitowoc and Sheboygan teams. The statement also charged that the valley league fans are accustomed to an "amateur diet" and are satisfied.

Now that is throwing a stone from a glass house. It appears that last summer a certain Mr. Logan worked on the hill for the New London Editors of the Valley league until the valley leaguers hit him so hard that he had to get out. This Logan went to Green Bay of the Lake Shore league where he stood the other teams on their heads. That doesn't look much as if the Shore leaguers play much better ball than in the valley league.

The Shore league baseball, according to fans who have seen games in Green Bay, Sheboygan and Manitowoc, is not one bit better than in the league and many fans believe that it is not as fast. The Shore leaguers have mighty little license to cast any stones at the calibre of ball in this league.

Sport Views And News

It is surprising the way Ripon turns out crack football teams with its comparatively small enrollment of students. Ripon college is only a little more than one-third as large as Lawrence yet it turns out teams which are fully as good as the Blue and White aggregations. Must be something about the Ripon atmosphere which makes those boys play real football. They will bring one of the strongest teams in years here next Saturday to battle Lawrence in the annual homecoming fight.

Johnny Buff is going to England for a battle with Jimmy Wilde in a London ring. The contest will be staged in January. Wilde is a clever little mid-winter but if Buff is right another one of Johnny Buff's champions is very likely to be thrown into the discard.

The Princeton Tigers set a record in their game against Harvard which probably won't be equalled for many a moon. The New Jersey varsity used the same eleven men throughout the game. Not a change was made in the line up and what's more every man came out of the terrific battle with the Crimson in the pink of condition.

Iowa will probably lose the services of its star, Aubrey Devine, for the remainder of the season. The Hawk was injured badly when he made a flying leap to escape two women spectators when run out of the field.

Schafkopf Party
Railwaymen's Lodge 699 will give a series of card parties commencing Tuesday evening, Nov. 8 at Trades and Labor hall. Good cash prizes given and grand prize. Ladies and gentlemen welcome.

Sidelines in the game at Minneapolis. It is feared the rider ripped a kid's knee loose. Veteran footballers who say Devine's brilliant feat claim it was the bravest stunt ever pulled off on a chalk marked field. He either had to sacrifice himself or collide with the women.

Three big football games will be played in the state and when Armistice Day, Oshkosh and Appleton are booked for action. Green Bay East and West will have it out in their annual gridiron tilt while the old rivals, Marinette and Menominee battle in the Twin Cities. Nov. 11 promises to be a big day for the scholastic football professionals.

The Hammond Professionals, led by Charlie Mathys, a Green Bay product, will face the Packers at Green Bay Sunday. This Hammond aggregation is rated as one of the leading professional teams in the country.

THREATEN CHANGES IN LINEUP OF PIRATES

Pittsburg, Pa.—A violent shakeup of the Pirates is planned and when next season rolls around familiar faces will be missing. The debacle of 1921 is the cause. After leading the National league race the greater part of the season, the team faltered in the stretch and the Giants romped home winners.

Five of the regulars of the 1921 team either will be traded or released. They are Schmidt, Tierney, Whitely, Barnhart and Zinn. George Cuthbert also will be missing. He can return if he wishes, but plans to remain on the coast next season.

The Pirate management is angling for Stock, the Cardinal third baseman, and is willing to give up some star players as well as some pitchers, and cash if necessary.

No Bright Lights For This Champ

JOHNNY BUFF AND HIS FAVORITE HANGOUT, ENGINE HOUSE NO. 2, AT JERSEY CITY

Jersey City, N. J.—When a boxer becomes champion of his class, it is the general impression that the "Bright Lights" have gained another devotee. Most champions fall for the old stuff.

One would naturally suppose that a champion holding two titles would have a perfect right to step twice as fast. Not so with Johnny Buff, holder of the flyweight and bantam honors. Broadway holds no attractions for him.

Johnny would much prefer sitting

in the dingy old fire station near his home and talk it over with the "boys." The fire ladders have been his pals as far back as he can remember.

Prosperity has smiled on Johnny Buff. Success in the roped arena, however, has in no way changed him. Although he possesses more money than he once believed was in the United States treasury, he still sticks to the neighborhood where he was raised.

Buff looks like a fellow who will never suffer from inflation of the

head. He does things today just as he did when a preliminary boy. He admits a lot of people who once passed him by are now trying to make a fuss over him. It is because of my titles, not me, reasons Johnny.

His greatest diversion is playing pinocle. His greatest dissipation is fishing for crabs, minus the strong bait. If you are looking for Johnny Buff, first try his home. If not there, it is a certainty you will find him at Engine House Number 2.

LEAGUE MAGNATES MEET NEXT WEEK

First Conference of New League to be Held at Menasha Tuesday Night

The first meeting of the Fox River Valley baseball league for 1922 will be held next Tuesday, Nov. 15, in the city hall at Menasha. Two representatives from Appleton, Oshkosh, Kaukauna, Fond du Lac, Green Bay and Menasha will discuss plans for the reorganization of the league to include the above named cities. Kimberly and New London will be excluded under the new plan. Probably nothing will be done at the first meeting except to determine the feeling of each representative toward the league and to prepare for its reorganization.

August Brandt, manager of the Appleton team, and Walter Plamen will represent this city at the meeting. Green Bay and Fond du Lac have never been included in the valley circuit and it is thought their entrance will mean a better and faster league. One question to be threshed out soon will be that of allowing sport writers for the newspapers to attend all meetings held by the league. Some of the members of the league feel that publicity should be given these meetings as well as to the games.

CORNELL IS GREATEST SCORING TEAM IN EAST

New York—With a total of 337 points in six games, the Cornell football team is the greatest scoring outfit in the east. Penn State, with 217, is next. Georgetown has scored 211 and Lafayette 202.

Mack Aldrich, the greatest Yale back and captain, leads the east in individual scoring. He has made nine touchdowns, sixteen goals from a touchdown and two field goals for a total of 75. Robertson, the Dartmouth captain is second with 67, and Kenyon, Georgetown, and Kaw, Cornell, have scored 60 each.

Hansen, Cornell, has kicked 21 goals from a touchdown. The field goals have been kicked over by Stein, Washington and Jefferson; Bugl of Harvard and Mallon of Williams.

Princeton, seeming to have come back to 1920 form, is being picked as a victor over Yale on Saturday in the second of the "big three" games.

NOTRE DAME BATTLES RUTGERS IN NEW YORK

New York—Captain Eddie Anderson and his flying circus of airmen from Notre Dame will soar over the Polo grounds this afternoon in battle with the Husky quadrang of Rutgers. Billed last winter as a big game, the failure of the Rutgers eleven to come up to expectations will turn the affair probably in an exhibition of the great aerials, the fast running attack, and the smooth mechanism of the Hoosiers that buried the Army team last week.

It will be the first appearance of the Notre Dame team in New York and the "election day" crowd of spectators is expected to reach 20,000.

FOND DU LAC AFTER STATE BASKET TITLE
The Fond du Lac high school basketball team will play two games with Appleton high school the coming winter. It was announced in the Fountain city. The first game will be played in Appleton Jan. 13 and the second in Fond du Lac, Feb. 10.

WISCONSIN MADE VIOLIN GIFT TO FRITZ KREISLER

Madison—Knut Reinhold noted violin maker of Madison, on Monday sent one of his instruments, made from Wisconsin maple wood, to Fritz Kreisler, the world famous violin player, as a token of esteem from Madison citizens and as commendation for his just having attained citizenship. Letters from Mayor Kittelson and Gov. Blaine accompanied the instrument.

ANOTHER TEAM OF CAGERS IS FORMED

Another basketball team, the K. C. Blues, has been organized in Appleton and will play its first game in about three weeks with Pulaski. Games here will be played in the Y. M. C. A. gymnasium. A schedule is being arranged. There are several open dates for which games can be secured by setting in touch with Louis Loose. The team is composed of old high school and Bushey business college stars. Among the men signed up are Loose and Plotow of the business college, Kamera and Anderson, stars with the Oshkosh Indian team last year, Dunn and Boettcher of the high school.

Loose, Plotow, Kamera and Anderson are members of the Kimberly-Clark team which will be entered in the Industrial league.

A Tough Situation
"My wife and four children were dependent on me for their living. My stomach and liver trouble of five years had made me dependent on no medicine seemed to help me, and I was gradually wasting away. It was a tough situation. My cousin in Columbus wrote me about having taken Moore's Wonderful Remedy and advised me to try it. I am now feeling simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver, and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists Everywhere. adv.

SNOW COVERED FIELD WILL NOT HALT LAWRENCE

Keep Up Work of Preparation for Homecoming Game Next Saturday

Working on a slippery field, with tingling fingers, Lawrence is keeping up its preparations for the homecoming game with Ripon here next Saturday afternoon. The gridiron will be cleared of snow so that work can go on without interruption.

In case the snow has not melted and the ground dried out by Saturday it is probable that artificial drying means will be necessary. Lawrence wants a dry field to play on and will have a dry field if it is any way possible. It is true that Ripon, with its forward passes, might be more handicapped than Lawrence, if the ball is slippery, but Lawrence wants to wallop the Red and White team without giving it a chance to use an altar. While the college team is working at Lawrence field, the high school squad is preparing for its hardest game of the season with Oshkosh on the latter's home field next Friday afternoon. The team finished the Kaukauna game in good style and should be in fine shape for the gruelling battle with the Sawdust city eleven. A large number of fans will accompany the team.

Mr. and Mrs. James McKenzie of Clintonville, are guests of Mr. and Mrs. John Kohl of 1090 Packard-st.

Georges Is Coming Over To Keep Date With Gibbons

By Unit 1 Press Leased Wire

New York—Those winds that carry tales over the waters have it consistently lately that Georges Carpentier had shown his Greek God like shape in America for the last time.

"That's not so!" Captain Thierly Malet, personal friend and American advisor of the Frenchman, said here Tuesday.

"I have just received a letter from Georges," he went on, "and I can say emphatically that he will be back in February to fulfill his contract to meet Tom Gibbons."

"Carpentier-starts training today at La Guerche to meet some Australian heavyweight named Cook. Of course we know he isn't much but the English wanted to see Georges in action and there was no one else in sight."

"The training for the bout which is to be staged in London on December 8, and the fight itself will get Carpen-

ter into the best condition after his long rest. His hand is better now and according to his letter he will be able to put all his strength behind it."

Malet returned from a hunting trip up in the Canadian wilds last week to look over the Greb-Welnet bout.

He admitted with a wink that he had come to the ringside for the sole purpose of getting a look of Greb.

Putting two and two together, it looks as if Carpentier might be planning to do two or three numbers on his next trip to America.

THE LADIES OF IMM. LUTH. CHURCH BLACK CREEK WILL GIVE A BAZAAR AND CHICKEN SUPPER IN THE AFTERNOON AND EVENING OF NOV. 10 AT THE AUDITORIUM. MUSIC IN THE EVENING.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit

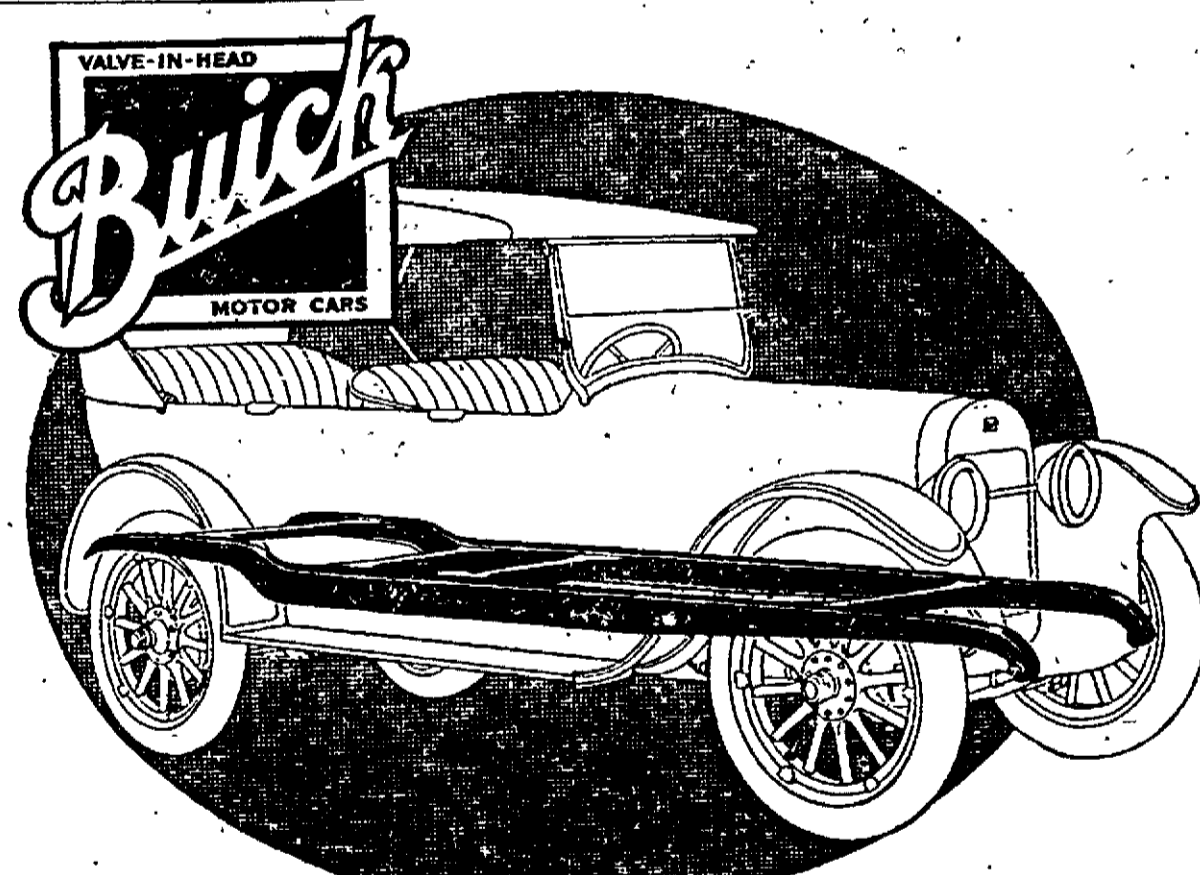

break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless, No-To-bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-bac has helped thousands to out question. adv.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

NEED HEART AND DOLLAR TO HELP RED CROSS WORK

Sewing Clubs Working Hard to Clothe Needy Children of Europe

All you need is a heart and a dollar.

If it was true four years ago, it is just as true today. This is the statement which comes from Outagamie County Red Cross headquarters on the eve of the annual membership campaign or roll call which opens Nov. 11.

"Universal enlistment in this comradeship of service is the Red Cross goal," the statement declares. "We need it for our hospitals, where disabled men are still being cared for. We need it most desperately to clothe the naked children of Europe."

"For the latter purpose, Mrs. A. L. McMillan, chairman of production activity of the Outagamie chapter, has for two months past been organizing sewing groups in several centers of the county."

"Following are the branches co-operating with the Red Cross chapter in the garment production service: Bear Creek, Mrs. K. A. Murphy in charge; Kimberly, Mrs. Henry Schenke; Stephentown, Mrs. A. F. Appel; Greenville, Mrs. Hattie Karp; Dale, Mrs. Anna Cannon; Hortonville, Mrs. Jacob Jack, Shiloh, Mrs. Saffum and Miss Genevieve Cartmill.

"In Appleton the following organizations are engaged in garment making: Presbyterian Ladies Aid, Mrs. James Wood, West End club, Marion Young, vocational school, Miss Ida Wunderlich; Jewish Ladies Aid, Mrs. L. J. Marshall; reading club, Mrs. Mabel Zeller; three groups of girl scouts, Miss Eleanor Hall, Miss Margaret Nicholson and Miss Minette Ellis.

"Other classes and organizations are planning to take up this important work in Appleton and groups are being organized in Medina, Black Creek and Seymour.

"Pamphlets issued by the various branches are used to purchase materials for layettes. In spite of the great number of these which American women have turned out during the last few months, the need is still great and it is essential that this work continue.

"Many of the women connected with the branches of the production activities division are washing partly worn garments and cutting practical outfits from them. Women are obtaining from Mrs. McMillan samples of these and they may be children's garments from the best badly needed for this work and all groups of them in the county can help they are asked to telephone Mrs. McMillan, Appleton 1015.

"Those who cannot sew but who have clean garments that can be made over are urged to send them to the Red Cross for others to sew."

Uncle Sam Is Seeking Aid Of Inventive Minds

Inventors in the Appleton post-office are to be encouraged in designing appliances for convenience of the postal service.

Any postal employee whose brain is bursting with original ideas which will speed up the mails is to receive all sanction of the postal department, announced Postmaster Gustave Keller, who has received an order from the department to that effect.

The order reads:

"The administrators of the postal service believe that many improvements are possible, not only in the methods of conducting the service, but in appliances used. Also that among the more than 30,000 employees of the service there are many who have clearly defined ideas of changes in appliances but have failed to bring them to the department's attention."

"To encourage the inventive genius of employees there recently has been appointed a committee designated 'The Committee on Experiment Research and Design' whose duty it will be to receive, and examine all devices submitted; also to consider suggestions relating to the improvement of mechanical or other equipment used by the department."

Why not a patent fruit-flavored stamp?

SEVEN INITIATED BY GRIP KNIGHTS

The United Commercial Travelers initiated a class of seven candidates at their meeting at Konecni hall Saturday afternoon. The ceremony was followed at 6:30 by a banquet at which covers were laid for 150 persons. C. G. Rumpf acted as toastmaster. The principal speaker was William Schnell of Milwaukee, grand counselor of the state. Brief talks were made by Mr. Tell of Fond du Lac, chairman of the arrangement committee of the next state convention to be held in Fond du Lac in June, and G. D. Thomas, secretary of the local council. The evening program closed with cards and dancing. The bridge prizes were won by Mrs. Percy Jensen and Mrs. George Bohon, and the schafkopf prize by August Gerlach.

Galoshes Make Season's Debut As Snow Flies

"Snow, winter, chilly ankles, galoshes, who'll wear the first pair?" Such is the reasoning of the reporter, ever alert for feature stories. So they started out from the office, all of them looking for first pair of the popular overshoes. There were surprises among the clan, one thinking they would be on a college flapper, another on a stenographer, but they were fooled.

To Mrs. L. E. Williams goes the distinction of being the first woman to be seen wearing galoshes this season. There were others later in the day, but few of them were college girls. Rubbers and wool hose were seen aplenty on the campus, but few of the heavier footwear. One coed suggested that she did not have room in her trunk to bring her galoshes along and consequently was sending a special delivery for them.

Mr. and Mrs. Henry Sager and daughter Tilde and Harold Sievert have returned from a visit with West Bend friends.

ARRANGE PROGRAM FOR DADS AND SONS

Fathers and Sons to Gather in Presbyterian Church Next Friday Evening

An elaborate program has been outlined by the committee in charge of the services to be held at the Memorial Presbyterian church at 6:30 Friday evening for observance of Father and Son week. The aim is to have all the boys and men of the parish at the church Friday evening so that all can be boys and men together.

Supper will be served in the church parlors at 6:30 followed by community singing led by F. S. Wheeler. A male quartet under the direction of Mr. Wheeler will sing several selections.

Talks will be given by Ben Vaughn on "What a father may expect of his son" and by his son, Kenneth, who will talk on "What a son may expect of his father." The Rev. Ernest Wright of Oconto, who has recently accepted the call of the local church, also will speak.

All Presbyterian men and boys are expected to turn out for this occasion. Invitations have been sent to members of the congregation but some might have been overlooked. If any member of the parish has not received an invitation it is because he has been overlooked and all are invited to attend.

The committee in charge of the program is: Ben J. Rohan, chairman, L. W. Shannon, W. S. Smith, F. S. Wheeler and George F. Werner.

One Little Bit Of Carelessness Spoiled Record

One imperfect package of the 1,005 packages received for shipment by transportation companies here Saturday prevented Appleton from having its first 100 per cent package day since the beginning of "Perfect Package" month, Nov. 1.

This one package was packed and addressed properly but it was improperly described on the bill of lading. Saturday's record would indicate that shippers are endeavoring to carry out the spirit of the perfect package campaign and are lending their cooperation to make it successful.

The Rev. W. J. Fitzmaurice left on a business trip to St. Paul Monday and will return Wednesday evening. Fred Hoffman, Louis Hoffman and Roland Wuergler have returned from Shiloh, where they were hunting rabbits.

PARENTS VISIT SCHOOLS TO WATCH SONS STUDY

Tuesday, second day of Father and Son week has been designated as School Visitation day. Parents visited schools and classes in which their children are in attendance. No special programs were arranged as the teachers wished to give the parents an idea of how classes are taught during regular routine work. Invitations had been sent to the fathers requesting them to see how their boys are taught in the class room. After the school periods were finished teachers met the parents in a brief get-acquainted period.

Lecture on Explosives

W. B. Basing, local agent, and several other employees of the Northwestern road, attended a lecture at Fond du Lac Monday night on "Safe Transportation of Explosives and Other Dangerous Articles" by Col. Taylor. There was a large attendance of railroad men from the entire Fox river valley.

STUDENTS ASTONISHED AT THOMPSON'S POWERS

Marvelling that a man so handicapped could accomplish so great a degree of success in his profession, the small group of Lawrence students and faculty who were privileged to hear Edward Abner Thompson, blind dramatist read on Monday evening cannot say enough in his praise. Mr. Thompson was the guest of the Speech Arts club of Lawrence college under whose auspices he will appear in Lawrence Memorial chapel Tuesday evening.

He read Drinkwater's "Abraham Lincoln" in the masterful way which has made this play one of the best. Guests of the Speech Arts club Monday evening included members of the Lawrence faculty and members of Kappa Delta sorority which has charge of the ticket sale.

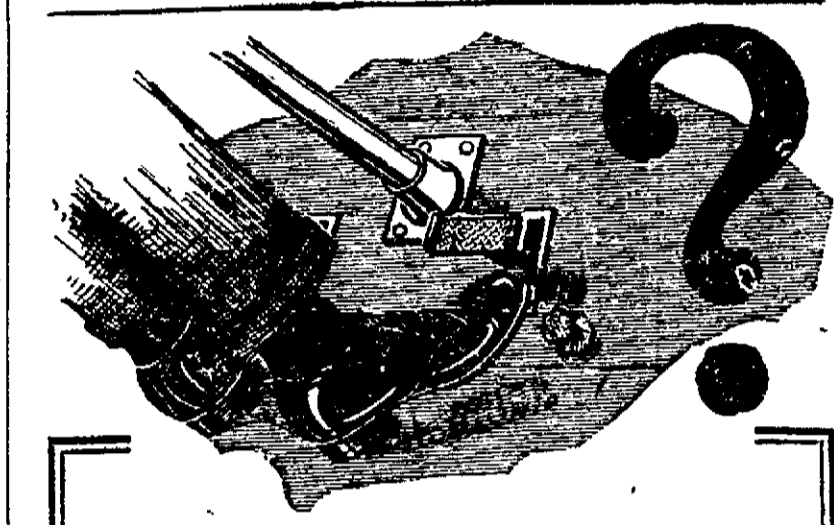

OFFICIAL COMES HERE FOR APPRENTICE SURVEY

Henry Roesch, Milwaukee, assistant supervisor of apprenticeship for the Wisconsin industrial commission will be here Wednesday evening for the regular meeting of Appleton Trades and Labor council in Trades and Labor hall.

Mr. Roesch desires to survey the apprenticeship situation locally and obtain a record from each craft as to the number of learners employed. The official also will address the gathering on the apprenticeship feature of the industrial commission, desiring to have the workers show greater interest in this work.

First Game Of Year

Appleton Women's club basketball team will play its first game of the season with a Chilton team Friday evening. The game will take place at Chilton.

Are you stepping on the brake or the accelerator?

The food you eat does make a difference.

Heavy, starchy foods often do slow down body and mind—often steal the energy that belongs to the day's work. Grape-Nuts is a go-ahead food. It contains the perfected nourishment of Nature's best grains. It includes all those elements needed to nourish body and brain. It is easy to digest. It gives energy without taking energy.

How about your breakfast or lunch—does it give, or take?

Grape-Nuts is sweet, crisp, delightful to the taste, and is an ideal source of power for a busy and difficult day.

"There's a Reason" for GRAPE-NUTS

THE STAGE

"Conquering Power"

In the cast of Rex Ingram's latest screen production for Metro, "The Conquering Power"—founded on Balzac's "Eugenie Grandet"—are many of those who were prominent in his sensational successful picturization of "The Four Horsemen of the Apocalypse." This latest Ingram picture is now being shown at the Majestic theatre.

Alice Terry, the Marguerite Laurier in the Ipanema picture, appears in "The Conquering Power," as Eugenie Grandet. Rudolph Valentino, the Julie Desnoyers of "The Four Horsemen," has the role of Charles Grandet. Bridgetta Clark, the Dona Luisa of Ipanema, appears as Madame des Grassins; Mark Pentón, who did Senator Lacour, as Monsieur des Grassins; and Edward Connelly, who played the old lodgekeeper of the Desnoyers estate, as the notary, Cruchot.

How to be Warm and Comfortable without wearing excessively heavy, uncomfortable underwear.

The secret is "Duofold" underwear, a two layer knitted fabric, —a thin layer of warm wool on the outside that keeps cold and dampness out and body warmth in;—and a thin layer of fine cotton on the inside that feels soft and comfortable against your skin.

You get the maximum of warmth with a minimum of weight in Duofold.

Come in and let us show you and explain Duofold.

THIEDE
GOOD CLOTHES

What This Baby's Mother Says About Father John's Medicine:

"I have a family of eight children and two sets of twins. They all had bad colds and could not sleep, they coughed all night. I started giving them Father John's Medicine and after taking it they stopped coughing and they kept on taking it until they were well. I think it is the best medicine for colds. (Signed) Mrs. D. Oulette, Broadway Road, Dracut, Mass.

As a family medicine for colds and throat troubles and as a body builder, Father John's Medicine is depended upon in thousands of homes because it is pure and wholesome. Guaranteed free from alcohol or dangerous drugs."

BRINGING UP FATHER

By GEORGE McMANUS

A Smile In The News

"There Shall Be Wars"
Americans, be not deceived.
There will not be a lasting peace
Till the gold sun changes to crimson
And the whiffs of the universe cease.
Since Satan waged war on heaven
The right has contested the wrong;
In our midst we still have the greedy,
The weak still are oppressed by the strong.

There is still intrigue and suspicion
And malice, and reaching for power;
And still lurks the demon Ambition
Just waiting an opportune hour.

It is fine to speak of disarmament
And of junking big guns in the shade
But remember that Cain killed Abel
Before gunpowder ever was made.

"Would be fine to live in the heavens
But still we must stay on the ground;
Day never can mingle with darkness
And the rabbit must flee from the hound.

We can't ignore facts fundamental,
And the God of things as they are,
Has pointed out in his scripture
That there will always be war.

Let us watch and pray like the pilgrim
In the days before Washington,
Who kept one hand on his Bible
And the other hand on his gun.

Sam Says:
Every business on earth has a devil
In it but a newspaper plant is the
Only place where they dare call him
By name.

Just Movie Fans
We go to the movies often
No astronomers we are
Yet frequently at close range
We happen to see a star.

Do You Remember
The old fashioned man who about
this time of year would wear nine
pairs of trousers and drink nine cups
of coffee and eat nine plates of pan-
cakes for breakfast?

At The Circus
Dr. Frederick Shannon who spoke
on disarmament Sunday night, told
the story of an old Tennessee mount-
aineer who strolled into the little

mountain village near his home one
day.

He saw flaming posters describing
a circus which was coming to town
and the information was given that
family tickets for the show would be
sold for only 50 cents.

So on the day of the circus, the old
man and his wife and their seventeen
children tramped into the village and
presented themselves at the ticket
window at the show tent while the
father asked for a family ticket.

"The ticket seller counted down the
line as far as he could see and then
used his imagination until he was
thoroughly satisfied of the number.
Then he asked, 'Are they all yours?'"

The old man replied, "Yes they're all
mine and 'Maudy's."
"Then pass in," said the ticket sel-
ler, "it will be worth just as much
to our animals to see your family as
it will be for your family to see our
animals."

A Flowing Sea
Alan Blackworthy in speaking of
torch light parade for Saturday's
homecoming said: "We are going out
to clean up the town and we want
everybody to partake in this event."

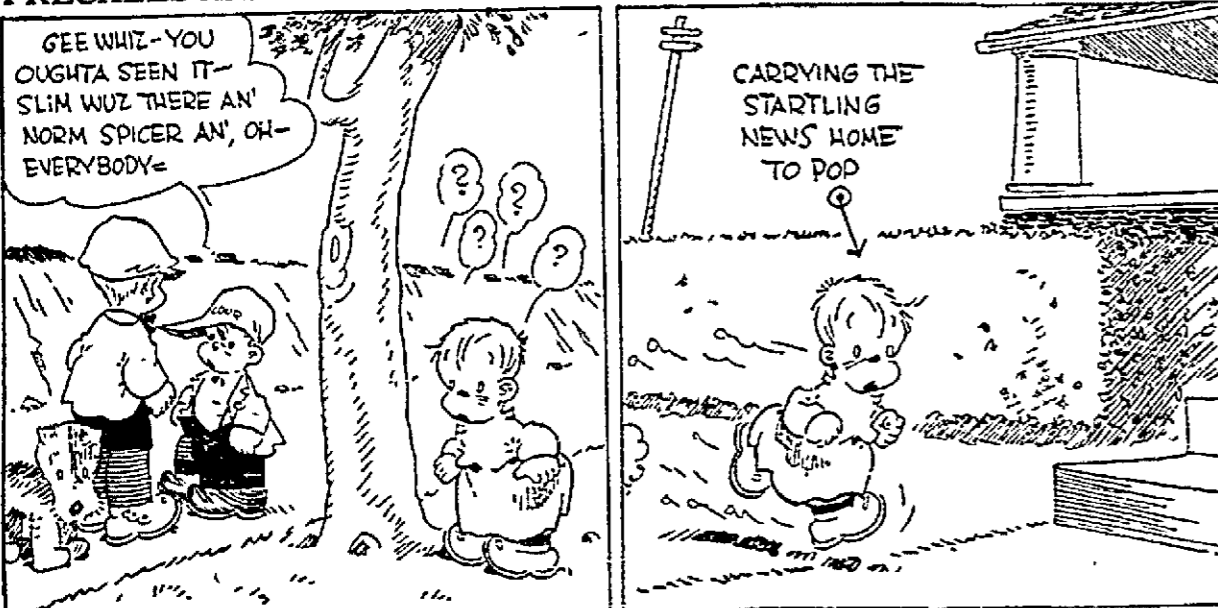

Student rises and remarks: "Yeah,
but do you serve it in bottles or
kegs?"

Even The Devil Can Quote Scripture
For His Purpose
Telling them that "The Lord loves a
cheerful giver," two masked men
forced a congregation in a Jewish
synagogue in Minneapolis to give
them \$700 Sunday morning. (Anyhow
they knew where to go to get what
they were after.)

We're Doing It Now
Combined Locks
Nov. 7, 1921
Dear Hook:
The girls down our way believe in
arms and are quite opposed to dis-
armament. Will you kindly inform
your readers?
Jake.

Financially, Anyhow
Prices are not too high.
Said something little Joe
The reason they seem high is
Because you and I are low.
HECK.

Markets

GRAIN REACTS TO SHARP DECLINES

By United Press Local Wire
Chicago — The advance in grain prices continued on the Chicago board of trade Tuesday. The advance was regarded by traders as merely a reaction from the sharp declines of last week. Receipts were light. Most of the heavy buying of wheat was by commission houses. Oats and corn prices were not heavily influenced by the wheat advance.

Provisions were lower.

Wheat, December, opened up 1/4 at 1.03 1/2 and later gained 1 1/4; May opened up 1/2 at 1.08 1/2 and advanced 1 1/4 before the close.

Corn, December, opened up 1/4 at 45 1/2 and held that figure in later trading; May opened up 1/2 at 52 1/2 and remained unchanged.

Oats, December, opened unchanged at 32 1/2 and gained 1/4 later; May opened up 1/2 at 37 1/2 and closed unchanged.

\$14,000 BOOST IN STATE TAX LEVY

Outagamie co. board which opens its annual meeting in the court house next Tuesday, Nov. 15, will be asked to levy a state tax of \$150,000 on real estate and personal property, according to a notice received by County Clerk Herman J. Kamps from Secretary of State Elmer B. Hall.

Last year the state tax levy in this county was \$136,000 so that the increase is \$14,000 over last year. Notices of the county board meeting were being mailed all members of the board Tuesday by the county clerk.

INVITE KAUKAUNA IN LOCAL COUNCIL

Scout Leaders Reject Proposition for Forming County Council

Members of the new executive committee of the Appleton scout council in a meeting Monday night voted to authorize Scout Executive Howard P. Buck to invite the Kaukauna Boy Scout organization to affiliate itself with the Appleton scout organization.

URGES STUDENTS TO LIVE CLEAN LIVES

Uncontrolled Relations Make World Progress Difficult, Speaker Says

"You cannot live an uncontrolled, unsocial life and ever get back to the place from which you started," said Dr. T. Gallagher of the Social Health association in speaking to the Lawrence students at 9 o'clock Tuesday morning. "The finer you become of

HANTSCHER GIVEN ROUSING SENDOFF BY WAR VETERANS

Striking Honor is Paid Veteran Who Represents State at Arlington

John Hantschel, who represents the state of Wisconsin at burial services over the body of an unknown soldier in Arlington cemetery on Armistic day, was given one of the most rousing sendoffs ever given any Appletonian when he left for the national capital Monday evening. Nearly 500 members of the American legion escorted him from Elk club, where the regular monthly meeting of the legion was held, to the Northwestern depot. The procession was led by the Lawrence college band.

Hantschel was cheered to the echo when he attempted to thank his fellow war veterans for the great ovation given him. He said he could not understand why he was selected from among the 60,000 veterans in Wisconsin to represent the state at the burial service.

The veteran will be the guest of the government while in Washington. He expects to join the delegate from Illinois to Chicago and they will travel together to Washington. Hantschel was selected by the state executive committee of the legion to represent Wisconsin because of his splendid war record.

The farewell to Hantschel was the big "surprise" for the legion members at their monthly meeting. The order to fall in line and escort the hero to the depot was given about 9 o'clock after an evening of fun.

Preparations for the Armistic day observance were discussed and every veteran was urged to be in attendance. Veterans who have not returned reservation cards for the legion banquet Thursday night were instructed to get in touch with Herbert Kahn or Edgar Schommer if they wished to attend. A feature of the program was the Cooper novelty musical act.

DEATHS

GOSZ FUNERAL
Military honors were paid the body of Joseph Gosz, World war veteran who was killed in action in the Champagne sector, Monday afternoon at the home of his mother, Mrs. Christina Gosz, 938 Lake street, where the body had been resting in state since Saturday. After a short service at the Ashland division depot under a guard of members of the Oney Johnston post of the American legion where it was placed on the 340 train to be taken to Reedsville for burial. The following legionnaires formed a guard of honor: Color bearers, Harold Pindie and William DeYoung; color guards, George Dame and Charles Sparling; escort, Major G. Tucker; pallbearers, Joseph Schulz, Frank

Fur Coats Fur Coats SPECIAL PRICES

Thru cooperation with one of New York's best manufacturers—we offer for one week only a score of fur coats at special prices that are worth your careful attention. All at wonderfully low prices this week.

THE PETTIBONE-PEABODY CO.

Kaukauna will be asked to come in with the understanding that it shall have the privilege of withdrawing at any time. Kaukauna's proposition that a county council be formed was rejected by the committee. This was specified as one of the conditions under which the down river city would agree to unite its scout organization with that of Appleton.

Dr. M. J. Sandborn, president of the council, was appointed representative to represent the Appleton organization at the regional conference of scout laymen which will be held in Chicago, Dec. 6.

ROTARIANS ENTERTAIN THEIR SONS AT DINNER

Members of the Rotary club entertained their sons at dinner at the Y. M. C. A. Tuesday noon. The entertainer was Edward Abner Thompson, who read John Drinkwater's "Abraham Lincoln."
